Beurer FB35 foot baths cost about VND 1,280,000

As of the best foot baths today, we will not be able to ignore the famous Beurer brand - Germany. Beurer brand emerged about the products - high quality medical equipment such as blood pressure monitor, blood glucose meter, heart rate monitor, electronic thermometer, massage machine, facial steam machine. and children's products . Among them, Beurer foot baths are more trusted by women when choosing to take care of their feet at home.

The first is an infrared massage foot bath FB35 **genuine imported from Germany - 24-month warranty.**

Features and advantages:

1. Massage function:

1. Massage and keep warm water, help capillary system enhance metabolism, increase the ability to release toxic tissues for muscle and cells.
2. Vibration and foaming massage will help massage the acupuncture points in the soles of the feet.
3. Effervescent massage: Hydraulic with the effect of air flow and water flow very well to the soles of the soles of the feet.

2. 04 specialized infrared lights: Helps blood circulation faster, because the legs are often the place where the blood rarely goes.

3. The machine comes with 3 different massage heads : It can be easily installed and disassembled, including the brush head, exfoliating head and acupressure head.

4. Herbal or massage salt separate compartment: For better massage and relaxation effect than conventional methods.

5. Operating power 140W: Should save power.

Defect:

1. Since it only works with a capacity of 140W, the warming time will be a little longer than that of other warm water massage bathtubs with higher capacity.
2. Beurer foot baths only feature 02 massage rollers while others have 4 - 6 rollers. Thus, the ability of the rollers to touch the soles of the feet will be more limited.

Rio FTBH warm foot bath costs about VND1990,000

Rio infrared foot baths FTBH is **imported from the UK genuine - 24 months warranty.**

Similar to the aforementioned Beurer FB35 massage bathtub, the Rio foot bath line has the same features as the four main functions:

1. Infrared lights
2. Vibration massage
3. Effervescent massage
4. Warm up and keep the kettle warm automatically

Advantages:

1. Another point here is that instead of 2 massage rollers like Beurer FB35, the Rio foot massage machine has 6 rollers that increase massage effect. The plus point here is that these 6 rollers have a large size, are lined up on the massage basin, so the ability to contact in the soles of the feet will be higher, you will feel very comfortable and comfortable when using the massage bathtub this.

2. 350W capacity instead of 140W capacity as Beurer massage bathtub, so the ability to heat water will also be faster, so you do not have to wait long.

Defect:

This Beurer FB35 foot bath type does not come with 3 massage heads like Beurer FB35, so there are no scrubbing heads and exfoliating heads and acupuncture points.

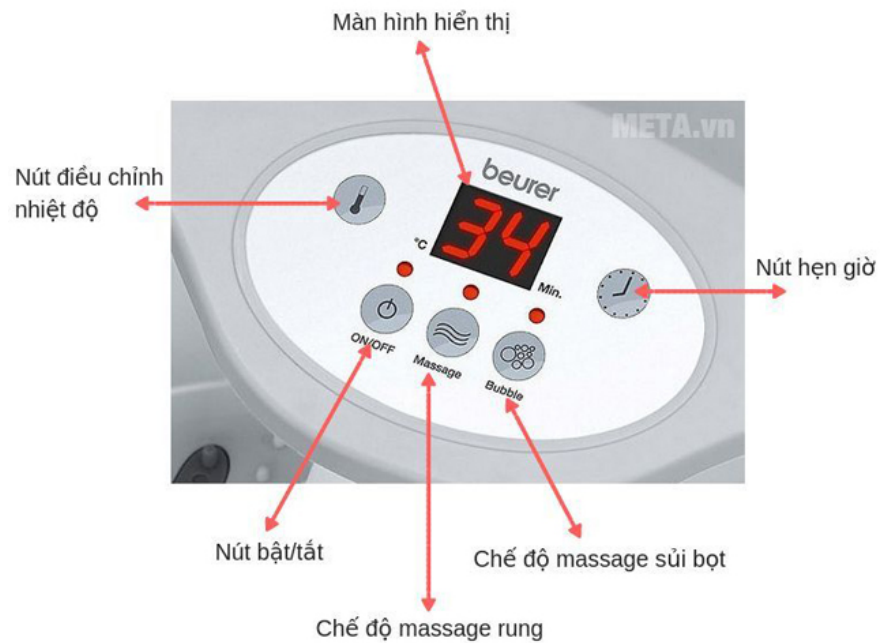

Beurer FB-50 foot massage bathtub costs about VND 2,590,000

Back to Beurer - Germany, we would like to introduce you to a more advanced warm water foot bath than the FB-50. **24-month warranty - genuine import from Germany.**

The Beurer FB-50 multipurpose foot bath is more modern and outstanding thanks to the timer and time display table. This is an essential point that other foot baths are not equipped with:

1. **Timer function:** You can set the usage time from 20 to 60 minutes with the timer function. Each time the timer button is pressed, the time will increase by 10 minutes. At the end of the installation time, the machine will automatically turn off. Maximum use time is every 60 minutes. Then turn off the tank, take at least 15 minutes before using it again.
2. **Temperature warms the water:** The display will show the current water temperature. To change the temperature, press and hold the temperature adjustment button until you adjust to the desired water temperature (35, 38, 42, 45, 48 ° C). The most pleasant temperature is from 35 - 42 ° C, the highest temperature is 48 ° C. The preset temperature is 35 ° C.

Advantages:

1. Includes many modern foot massage features such as: Vibration massage, effervescent massage, warm heat massage, infrared light
2. Instead of 04 infrared lights like Beurer FB35, Beurer FB-50 has up to 8 infrared lights, increasing the efficiency of blood circulation better.
3. Including 6 massage rollers, this type of foot bath is quite large, so even with large footprints, it can be rolled easily on rollers.
4. There is a table showing temperature and timer.
5. The 400W capacity should be heated and warmed faster than Beurer FB35. So this is the ideal product to soak and massage your feet in winter.
6. Prefer the user with 3 accompanying massage heads, including: exfoliating head, scrub head and acupressure head.

Defect:

1. Price difference is higher than other massage bathtub lines.

Note that in winter weather with very low temperatures, if you pour cold water into use, it is recommended to turn on the infrared function first to make the water hotter. Above are 3 product codes of foot massage basin imported from Germany and England, so you can be assured of the durability and warranty of the machine. These versatile foot baths have infrared features, warming the water so it is suitable for home foot care!
