

# CastAway, an accessory that turns your smartphone into a folding screen in a flash, costs just over 3 million

CastAway - a secondary screen for this smartphone that turns your smartphone into a folding screen smartphone.

With CastAway - the secondary screen for this smartphone, with just over 3 million you will be able to turn your smartphone into a folding screen smartphone, much cheaper than the sky price of devices like Galaxy Fold or Motorola Razr .

CastAway is actually a Chromebook computer, has a separate screen, has its own battery, and runs the Chromebook platform. CastAway is available in a variety of screen sizes (5.8, 6.3 or 6.9 inches) to accommodate multiple machine modes. This accessory is compatible with iPhone 6 and above, from Pixel upwards, Galaxy S7 and above and from OnePlus 6 and above.

CastAway, accessory that turns a smartphone into a folding screen.

CastAway can work independently thanks to its 1.5-core 6Ghz processor, main and secondary camera, external speaker and wifi support.

CastAway is essentially a Chromebook that can work independently.

When attached, CastAway connects to the smartphone via a special pin, and via wifi when detached.

A special feature of CastAway is that this part of the screen can be easily removable with a strong magnet system, so you are not limited to using both screens at the same time or when completely removed, it will not affect the experience. of your smartphone.

The purpose of CastAway is to help you multitask more easily on your smartphone. For example, you can chat with your friends or surf the web on one side of the screen while listening to music on the other. Data will be transmitted between two screens.

CastAway is also equipped with 32GB of memory, a stylus specifically for drawing.

CastAway has two detachable screens for easy single use.

Currently, CastAway is down 48% compared to the original price, 5.8-inch CastAway is only 129 USD (equivalent to 3 million), 6.3 and 6.9 inch versions have a reduction of 139 and 169 USD respectively.

Expected, CastAway will start sending to users from May next year.
