

Chan Ly LMHT Arena: Some teams are cheap and easy to build in the early game

You can build some cheap and healthy teams in the early stages to better prepare for the end of the game in the Truth Arena in this article.

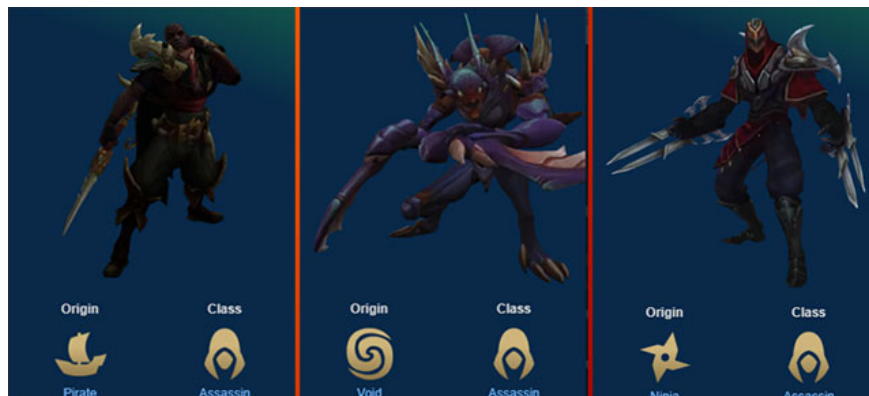

During the first period of the game The Truth Arena, the player must pay attention to planning his squad during this period, as it is a premise for players to build their own squad at the end of the game. fight.

For many different clan systems, players also have many ways to arrange their DTCL League team early in the game. Some of the following teams will help you get started more easily in the early stages of the battle.

1. Factors used to eliminate players' blood in the Truth Arena

Some teams are easy to build at the beginning of the match in Truth Arena League of Legends

Assassin lineup

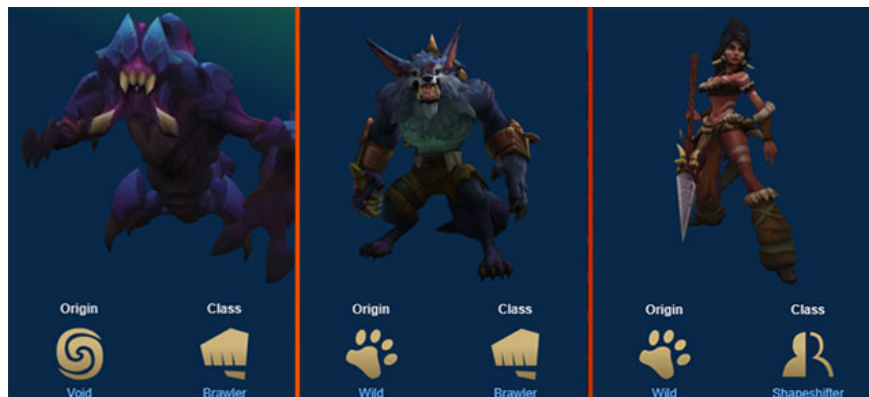

A squad with extreme damage and is used by many players in the early stages of the game. The reason for being popular is because the Assassin squad can destroy important targets in the enemy squad quickly.

In the first stage, to build the Assassin squad, you can "shop" for yourself **Pyke**, **Kha'Zix** and **Zed** . With only three pieces of this chess, you also have a basic killer Assassin, in addition this team is also buffed with a bit more damage from Zed.

But because the combination of Tribe and System of these three pieces is quite sporadic, this way of playing will have only one type of formation afterwards, that is, you only build up 6 Assassins.

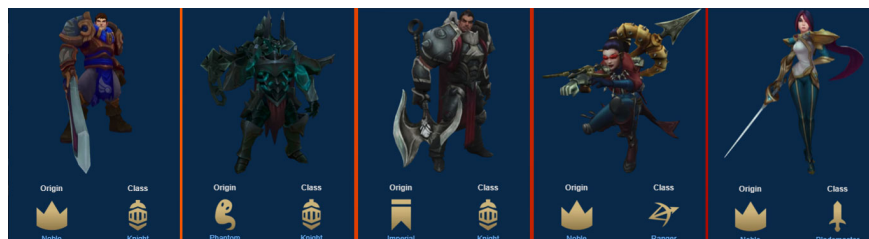

Team of Gladiator and Wild

Including Warwick, Rek'Sai / Blitzcrank and Nidalee, three Warwick pieces alone, Rek'Sai and Blitzcrank are easy to find because of the high rate of appearance. Furthermore, with 300 extra health, all three can become a good tanker for your squad.

Warwick will be the protagonist of this tactic because the Wild Race is included and can be combined with Nidalee to boost his attack speed.

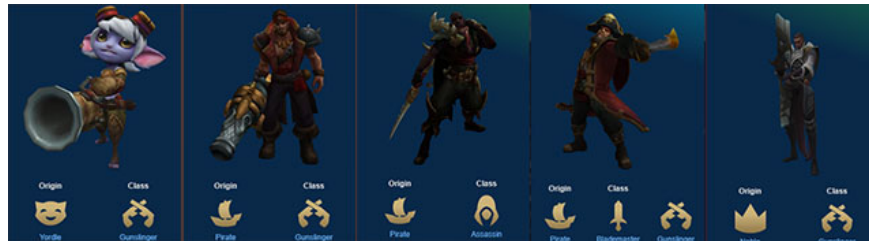

Line of Knights and Nobles

A classic lineup of 2 Knights, most often still being Garen, Mordekaiser or Darius. Because the first time both sides will use normal attacks mainly. So the two Knights will be stable tankers at the beginning of the battle.

In addition, the Noblesse combo will also give your squad a damage buff and it will be very powerful if it hits the piece you need. There are two quite strong pieces that you can easily earn at the beginning of the game are Vayne and Fiora.

Charity lineup and Pirates

Tristana and Graves are two gold objects that are quite easy to buy during the beginning of the game, which will have a steady amount of damage in the beginning. If you are lucky enough to get a red charm, Graves will deal standard damage on a large scale, which can burn multiple targets at once.

As for Pirates, Gangplank and Pyke are a couple that can help you earn more gold and prepare for the late game period. Gangplank is also a Radiant, so you can give yourself a Level 2 Charity buff if you have an additional chess piece. At this point Lucian will be the best choice.

With 4 easy-to-build and cheap squad options, and also extremely healthy in the Truth Arena above, you will have a pretty good start in the game to prepare well for the final stage.
