

Choose the outfit on the first day of work to be lucky all year

To start a new year of success at work, please pay attention to the 12 colors of your outfit to help you make good luck

After the Tet holiday, everyone is preparing for the first day of the new year. According to the perception of many people, to have a smooth starting year and lots of luck, the costumes and colors also make an important contribution.

According to feng shui conception, colors on costumes, or accompanying accessory items play a big role in balancing, supporting and regulating the yin and yang elements - the five elements of the destiny of each person.

Therefore, in order to be a lucky year and in accordance with the 2017 fashion trend, you should take note of the following colors for the first day of work.

1. Rats

For the elderly, the dark blue costumes will be suitable for the first day of work. With this color scheme will be suitable for many different working environments, giving the person wearing an elegant, elegant manner.

2. Ox Age

White will be the right color for the Ox age girls. With this color will bring you the pristine and fresh, not only the white color will be suitable for parties to meet friends early in the year. If you are a person who likes safety, simplicity and purity, white will be a perfect choice.

3. Adolescence

In 2017, the green color will be the throne color on the fashion catwalks, so the year-old ladies should keep up with the trend and cleverly combine this green to work or go to the street.

4. Rabbit age

As we know, yellow is full of vitality, meaningfully optimistic, joyful, warm and rich . These are the common colors of the sun and gold metal. So the colors like gold, lemon, golden moss, . will be very suitable for the age of the year of the cat.

5. Age of Thin

Plating green is the color of hope, the color of fresh beginnings, the love of nature and the environment. This is a color that is very respectful to the wearer so if you are a Thin age, please "live hard" with this fresh color, it will

make you extremely outstanding.

6. Snake Age

Black is the color of mystery and power that gives confidence and luck to the people of the age of the Snake. This is a color that is easy to combine with different costumes, suitable for all physique and working environment, giving you the charm and charm.

7. Age of the Horse

It can be seen that this is the most meaningful color. Good yes, bad yes. They involve health (color of blood), love (romantic color), anger (anger blushing). The common point of most of these properties is: enthusiasm.

In this new year 2017, the people of Ngo's age should choose for themselves a red outfit, to be lucky and successful throughout the year.

8. Smell

Purple from ancient times to present symbolizes royalty and nobles, so this color will bring good luck to the people of the Goat age to help them become more luxurious. With this color, you can skillfully choose the outfit and combine the accessories to look not too old.

9. Age of the Body

Those in pink outfits will help you become more feminine. This is a very pleasing color when appearing anywhere. For old-age girls, give your collection more pink colors to be able to start the new year with good

luck.

10. Rooster

Brown is the color of stability and certainty. This will be a good suggestion for Rooster girls in 2017. You can combine the outfits available in the wardrobe, combine some of the accessories to make sure that this will be a new "wings" to help you become very beautiful.

11. Tuat Tuoi

Gray is a neutral color "anyone can match" so the girls of Tuat age spoiled with this color. On European streets gray appears most often with a variety of styles. Vietnamese youth are also fascinated because they never worry about fad. On the first day of work, please choose this color for the whole year to work smoothly.

12. Age of Pig

Orange color is considered the most prominent and eye-catching color. Pig-old girls possessing white skin will be perfectly perfected with neon orange, if not confident about the skin, you can choose gentle tones of orange eyes to panic to the street.
