

Clip Studio Paint - Professional comic drawing software on iOS

Recently, manufacturer Celsys has officially released Clip Studio Paint, professional drawing software for iPhone version painters.

Recently, manufacturer Celsys has officially released Clip Studio Paint, a professional drawing software for iPhone version painters, optimized small screen with all the same features and functions as The desktop version, but minimalist, makes it easier for users to use.

1. Zalo for Android has supported Dark Mode, invite you to update and experience
2. Vsmart updates VOS 2.5 for Vsmart Live, adding a lot of interesting new features

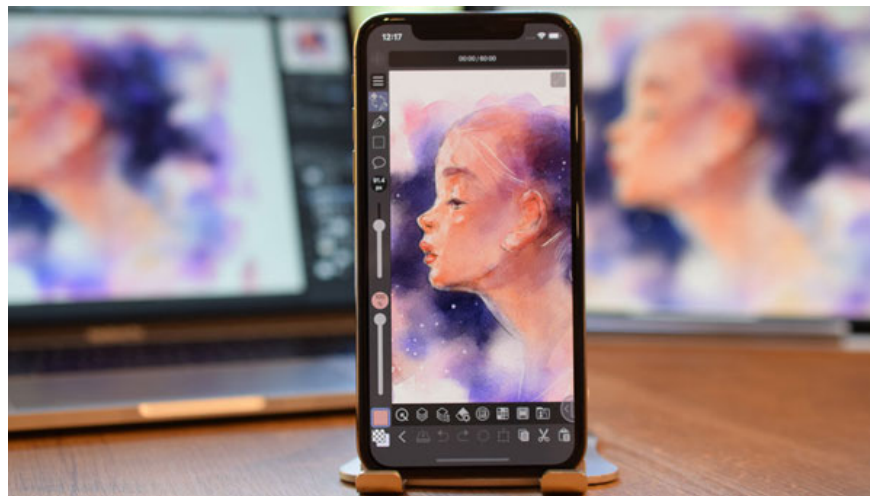

The iPhone version also has a cloud data synchronization feature that allows users to sync between their computer and iPad.

However, Clip Studio Paint for iPhone is getting some complaints on the App Store about the iPhone screen being too small to use the features. Some users' opinion that the features of Clip Studio Paint should be more streamlined.

Although the Apple Pencil will not work on iPhones, Clip Studio Paint has posted on its official Twitter page a video of a painter using a stylus to make some impressive works.

To own Clip Studio Paint, you will have to pay a monthly fee of \$ 0.99 for the Pro version and the EX version along with some other features of \$ 2.49. If you don't want to pay a monthly fee, you can use the app for free for 1 hour a day. Clip Studio Pro iPad version is 4.49USD / month, while the desktop version purchased once costs \$ 50.

With Clip Studio Paint on iPhone, you can quickly draw some works on your smartphone and then sync with your home computer. Currently, there is no information about the appearance of Clip Studio Paint Android version.
