

Close up of computers running Windows 8.1 costs only 104 USD

GULEEK - A Chinese company has launched a low-cost computer running Windows 8.1 using an Intel Atom chip with extremely small size, just a hard drive.

GULEEK - A Chinese company has launched a low-cost computer running Windows 8.1 using an Intel Atom chip with extremely small size, just a hard drive.

In the past few months, we have seen many major technology companies in the world launching various TV accessories, typically Google and Asus with the Nexus Player, an Android Box that can connect to the TV. Help you watch your favorite channels via the Internet, listen to music, watch movies and play games through Google Play or even display content from your mobile device to the big screen.

However, a company, although a well-known company for both software and hardware, has yet to release any device with similar functionality - it is Microsoft, fortunately some OEMs have released Devices running Windows with the same features as Nexus Player, and the latest device is GULEEK i8, a product from China.

GULEEK i8 is a complete computer running Windows 8.1 with the size of a hard drive, especially its extremely cheap price of only 104 USD (*about 2 million VND*). Despite being cheap and small in size, the GULEEK i8 still has an Intel Atom Z3735F Bay Trail chip. The next special thing is that the device that is supplied with 3000 mAh battery can be useful when power is out or traveling.

This machine also has an interesting feature that is DealExtreme, according to GULEEK, with this feature, users can use an Android device to log in to GULEEK i8 remotely. In this way, it can interact with Windows applications on an Android device. This application can also be used to control the camera remotely without a mouse and keyboard.

Besides, GULEEK i8 is also equipped with 2GB RAM, 16GB internal memory and MicroSD memory card support. GULEEK i8 has 2 USB ports, Wi-Fi and Bluetooth 4.0, about Windows 8.1 pre-installed software.

Basic configuration GULEEK i8:

1. CPU: Intel Atom Bay Trail Z3735F
2. RAM: 2GB
3. Internal memory: 16GB
4. Operating System: Windows 8.1
5. Connection: USBx2, Wi-Fi, Bluetooth 4.0
6. Battery: 3000 mAh.
