

# Close VOS 3.0 has just been launched by Vsmart: Interface makeover, Android 10, many new applications

VOS 3.0 Beta shows Vsmart's efforts in refreshing the software interface and adding useful features.

On the evening of April 5, VinSmart has released the VOS 3.0 Beta update for Vsmart Live and some other devices. If VOS 1 and 2 have not made much impression on users, it can be considered VOS 3.0 as a comprehensive makeover and a great step of Vsmart in creating unique values ??for its products.

In this article, we will review the features and interface changes of VOS 3.0 Beta 1 on Vsmart Live.*Note: Because this is only the first beta, so the feature may be changed on the official version.*

## **Android 10 with gesture navigation**

VOS 3.0 is based on Google's latest Android 10 platform. This allows VOS 3.0 to inherit a number of features such as gesture navigation, improved app permissions control, better privacy protection, Dark Mode .
