

Collection of 50+ unique wallpapers for Samsung S10 / S10 + to help cover the camera 'mole'

These are wallpapers that help you cover the mole camera of Samsung Galaxy S10 and S10 +, making your screen more unique.

The trend of current smartphone screen design has many designers looking to rabbit ears screen like iPhone X or U-screen like the recent mid-range smartphone brands. And those screens that don't like rabbit ears can use dark backgrounds to cover this rabbit ears.

But recently Samsung has launched two flagship models Samsung Galaxy S10 and S10 + with completely new design, the camera is made into a separate dot on the screen, not a U or rabbit ears anymore. And with such a design, it is difficult to have a wallpaper that can mask the "mole" camera on Galaxy S10 and S10 + screens, including the default wallpaper of the device.

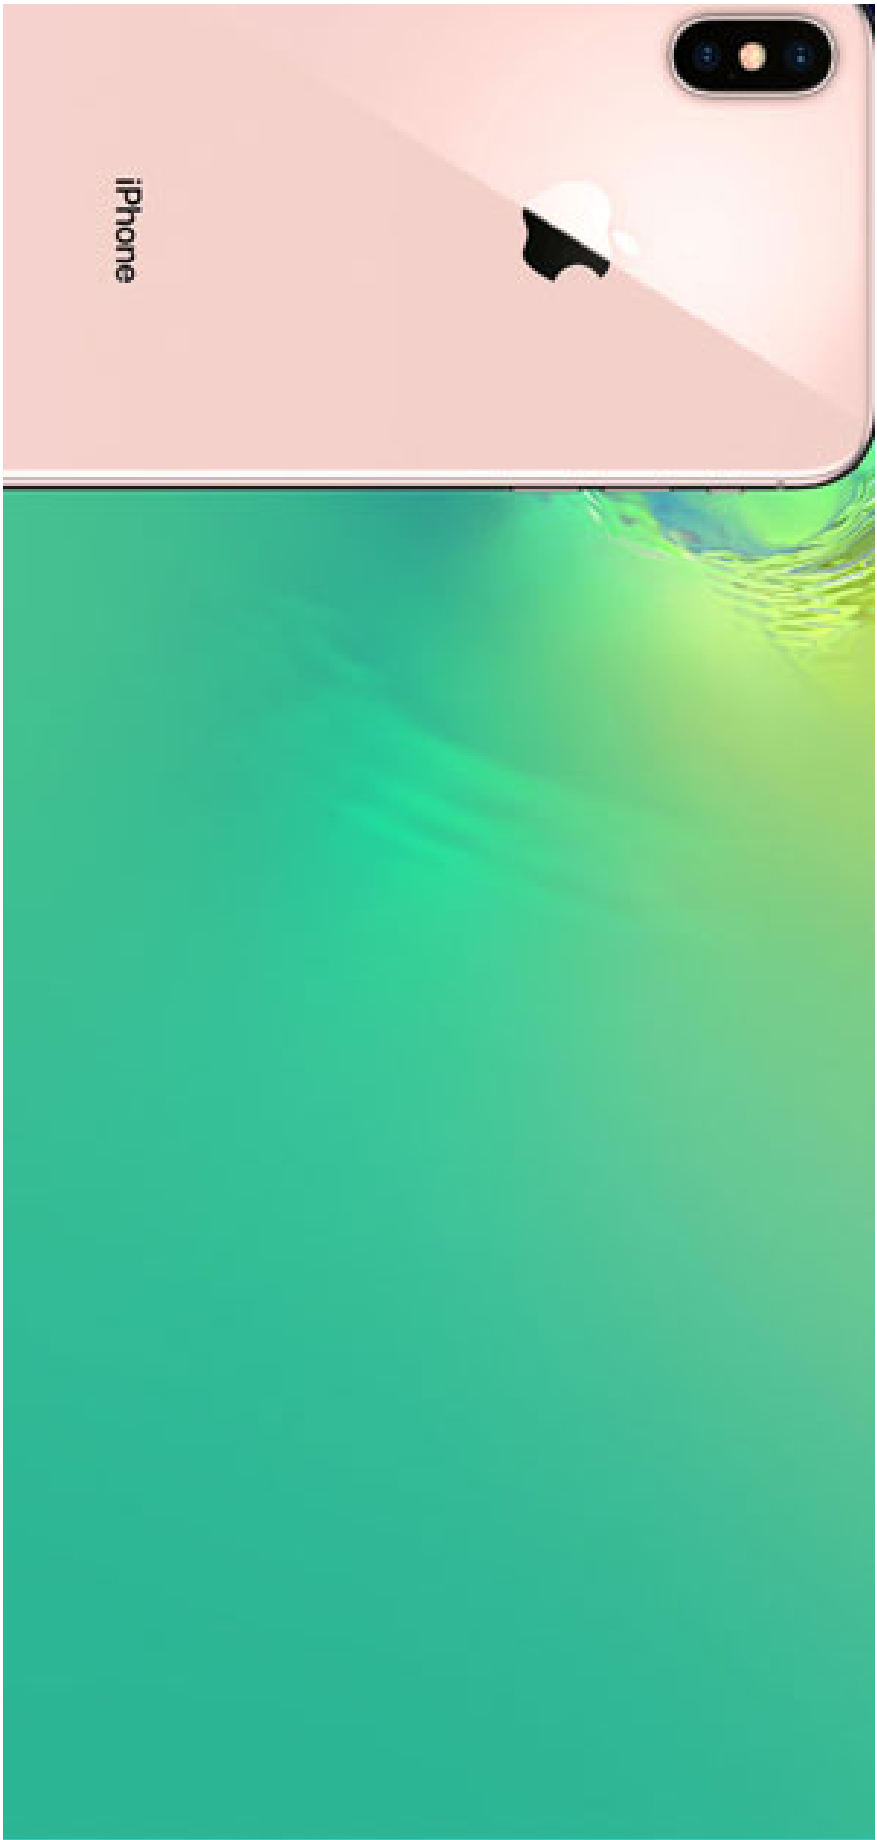

Recently, there have been some wallpaper designs for Samsung S10 and S10 + that turn Samsung S10 and S10 + moles into works of art, making you feel the moles disappear. You can download below this article.

1. Combine cute pig wallpapers for phones and computers
2. Set of 50+ high quality background images, many themes for smartphones
3. How to reduce the capacity of free online images

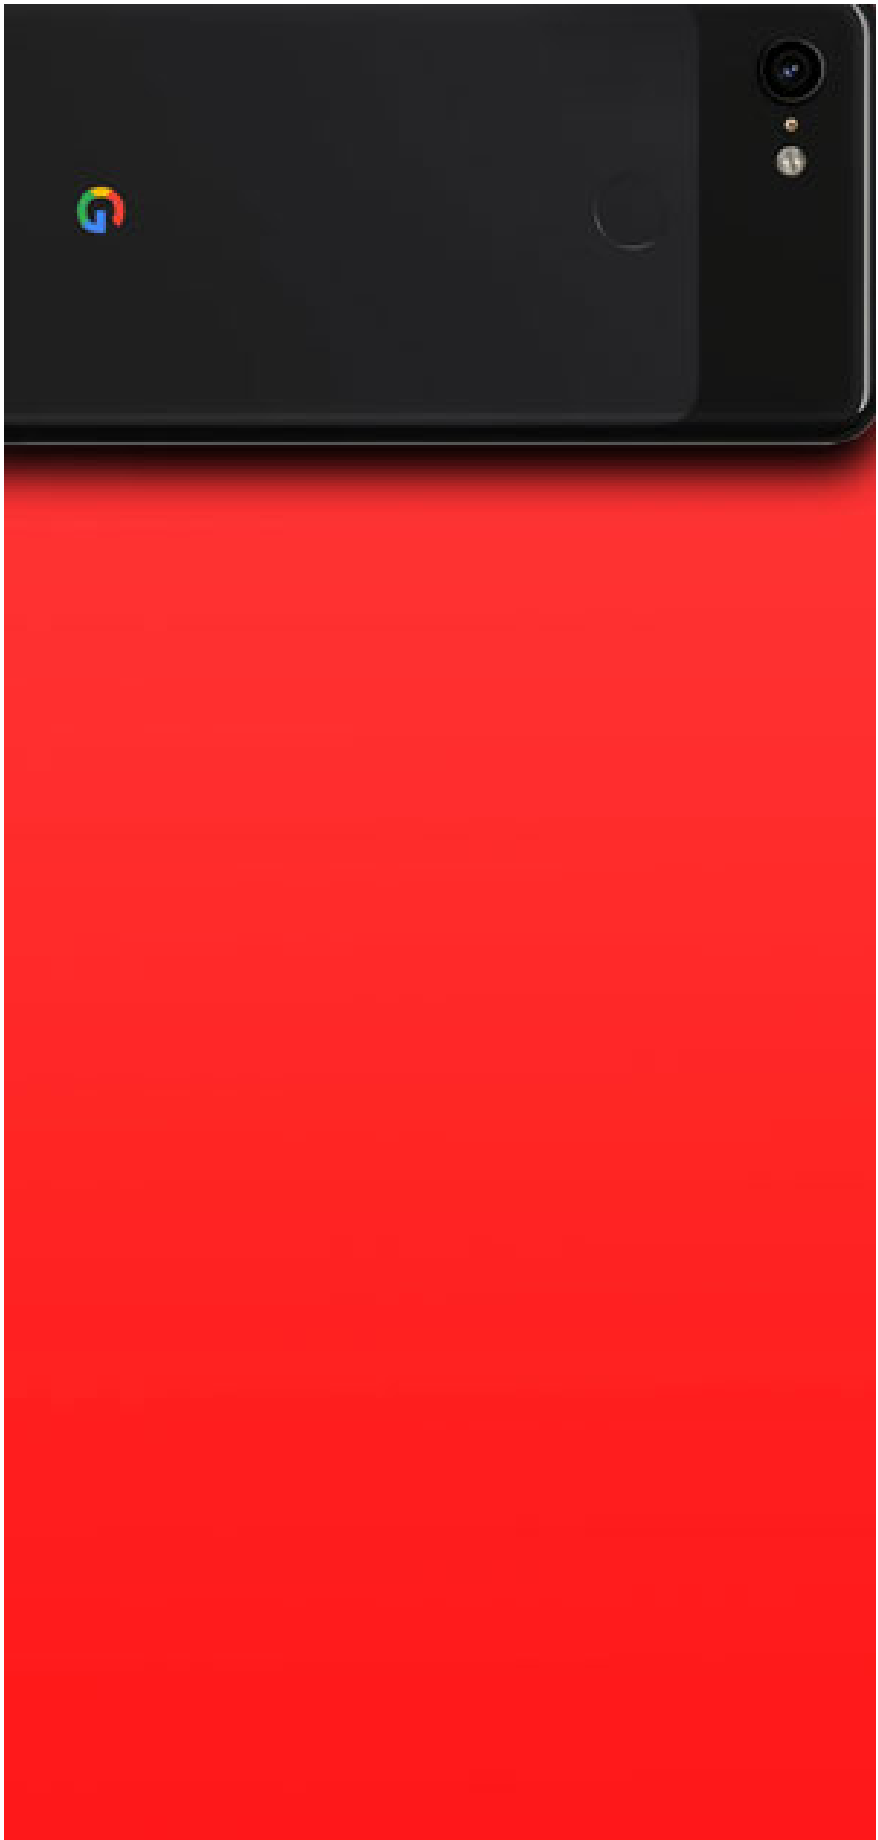

Synthetic wallpaper cover "mole" camera for Samsung S10 and S10 +
