Netbook Acer Ferrari One and Acer Liquid E Ferrari smartphones are all red and black highlights, bearing the appearance of Ferrari sports cars.

Acer Ferrari One Netbook.

Launched for the first time in 2004, Acer Ferrari laptops have colors and attractive lines. Acer Ferrari One is the 6th edition and the youngest netbook in this laptop family but inherits all the best of the Acer Ferrari laptop both inside and outside.

What Acer wants users to feel when touching Acer Ferrari One is outstanding speed, so Acer decided to use AMD Athlon 64 X2 dual-core processor with many times more powerful performance, equivalent to the processing power of a laptop. At the same time, it is also an energy-efficient microprocessor, so Acer Ferrari One can show its power while maintaining its durability for up to 5 hours with a 6-cell battery.

Acer Ferrari One screen is only 11.6 inches wide but has a resolution of up to 1366 x 768 pixels, supports Acer CineCrystal technology to help reduce up to 33% of power consumption, enhance display quality, ensuring Give

users the most comfortable operation on screen especially when watching 720p HD movies with Dolby Home Theater sound.

Huong Giang beauty next to the Acer Ferrari One netbook.

Accompanying the Acer Ferrari One is the unique graphics enhancement device called Acer DynaVivid Graphic Dock. By plugging directly into Acer Ferrari One, the graphics processing capability of the machine will be upgraded to the equivalent of ATI HD4670 discrete graphics card. From there, users can take advantage of to play 3D games that require higher configuration.

In addition, Acer Ferrari One is a true multitasking netbook with countless wireless connections, from Bluetooth, Wi-Fi 802.11a / b / g / n technology to support InviLink Nplify and to 3G networks. .

Smartphone Acer Liquid E Ferrari.

Contributing to the Acer Ferrari product line is the Acer Liquid E Ferrari smartphone. Not only equipped with a high-end configuration with 1GHz Snapdragon processor chip, accompanied by Acer Liquid E Ferrari is also the set of wallpapers, video clips, exclusive ringtones and especially Bluetooth headset with Ferrari style. All are packed in a premium and luxury container.

By combining two dark black and flaming red colors, two Ferrari products are sent by Acer, which is a symbol of passion, enthusiasm that is coupled with luxurious and elegant style. In particular, the logo of the Ferrari series is exquisitely designed and covered with super-durable carbon fiber that is mounted right on the body of the product once again confirming the duo's class.

Ferrari One netbook costs VND 15,999,000, including VAT, Liquid E Ferrari VND 12,600,000 (not including VAT).
