### 1. Basic differences in game logos and logos

In all three versions of PUBG Mobile International for computers and phones developed by Tencent, the PUBG Mobile Global version will have Tencent logo as shown above. Besides the Lightspeed & Quantum Studios logo.

As for PUBG Mobile VNG version, you can see that Tencent's logo is replaced by VNG's logo, which is to distinguish what version of PUBG Mobile is going to be and choose the server to play.

## 2. Line speed and gameplay

The most expected change for gamers is the Vietnamese interface on PUBG Mobile, players can go to Settings to change the language of PUBG Mobile VNG to Vietnamese and have another **"18+" message** . Because VNG's default language for PUBG Mobile Vietnam version is still English, you can view the Vietnamese translation guide on PUBG Mobile VNG via article [How to install Vietnamese interface for PUBG Mobile](#).

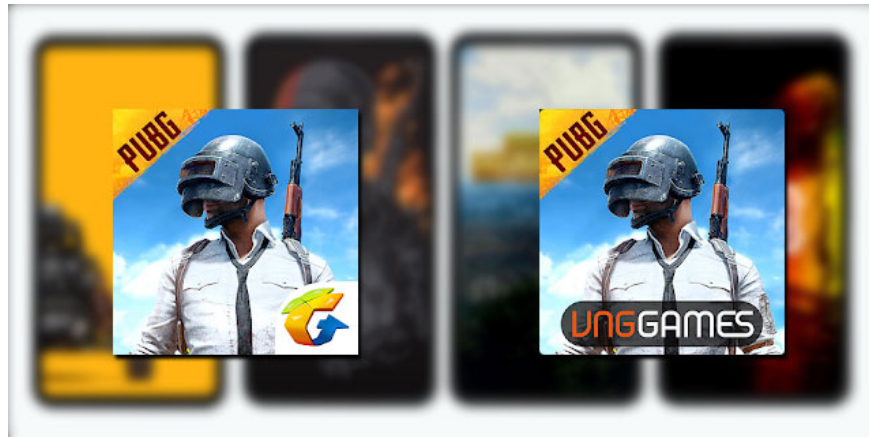

The second difference is that the speed of the transmission, the former PUBG Mobile server players often encounter lag, high ping in the game and had to take measures to reduce Ping by the third application, but with VNG server, users will be significantly improved on the transmission line.

In addition, the achievements, items, skin . all the data of Vietnamese gamers on the international server will be synchronized through the Facebook account login, so gamers will not have to worry about Your data on the international server will not be transferred to Vietnamese servers.

In addition, the Vietnamese server will be connected to the international server, so Vietnamese gamers can pair Squad with foreign gamers and not be constrained in the domestic server. In addition, the gameplay, installation system, graphics, tasks and events are the same compared to the PUBG Mobile International version.

### 3. Payment system

Regarding the launch of VNG version, users will no longer see PUBG Mobile International version on the two largest application "markets". Therefore, players can only download two versions of **PUBG Mobile VNG** on **Google Play** and **App Store** , or continue to use PUBG Mobile Global version if installed earlier in this time.

And now, VNG has not shown a direct payment gateway in Vietnam such as Zing card, charging card . Users still have to load UC through Store payment gateway.

These are the differences between PUBG Mobile VNG version and PUBG Mobile International version, and in addition, PUBG Mobile Vietnam version is no different from PUBG Mobile Global, only Vietnamese interface for game Vietnamese players easily learn more features and events in the game.
