## Detailed instructions on how to enter the Tokyo Ghoul Awakening code.

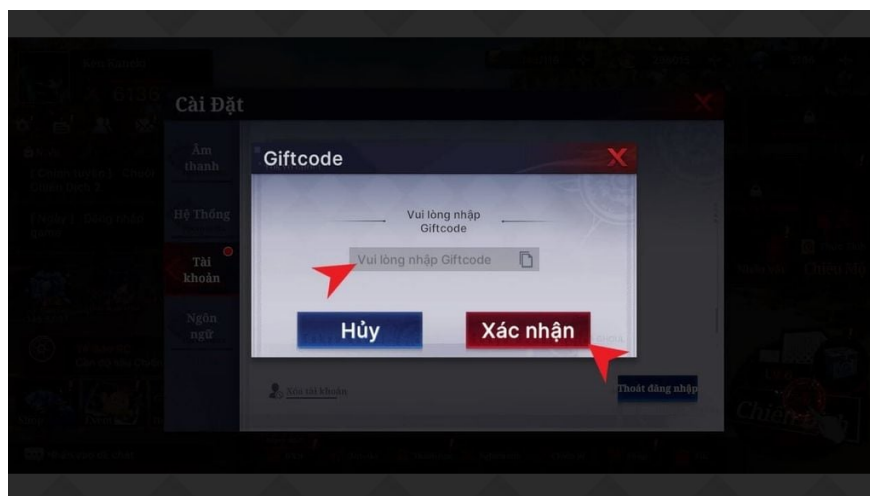

**Step 1:** Log into the game and complete the beginner's tutorial (if it's a new account). Then click on the **Settings** icon below your character avatar in the upper left corner.

**Step 2:** Here, select **Account** > then select **Giftcode** .

**Step 3:** Enter or copy and paste the game code into the " *Please enter Giftcode*" box . Press **Confirm** to claim your reward.

# Introduction and how to download the game Tokyo Ghoul Awakens

**Tokyo Ghoul Awakens** is a turn-based strategy card game published by Gamota in Vietnam. While familiar to mobile gamers, Gamota's product offers some innovative gameplay by incorporating player choices, rather than simply allowing players to watch and play. This requires players to engage in specific interactions during gameplay.

One particularly commendable aspect of Tokyo Ghoul Awakens when we first started playing the game is the camera angle. It's no longer a 2D perspective but instead offers a 3D style, creating a realistic feel. Combined with the skill effects from the characters in the Tokyo Ghoul series, everything blends together to create a truly outstanding overall picture.

Currently, you can download Tokyo Ghoul Awakens and enjoy the game on your phone and computer (using an emulator) with mobile devices. Download and install the game through the following methods:

1. Download the game to your computer using the APK file: <https://tgtt.gamota.com/>

2. Download the game to your Android phone via Google Play:  
<https://play.google.com/store/apps/details?id=com.tgbtcvn.google>
3. Download the game to your iOS phone via the App Store: <https://apps.apple.com/vn/app/tokyo-ghoul-th%E1%BB%A9c-t%E1%BB%89nh/id6751103382>

## How to get more Tokyo Ghoul Awakening codes

### Join the event on the fanpage.

Like all games, Tokyo Ghoul Awakens also provides gamers with a fan page – where all information and events happening in the game are updated. This is also where you can get free and limited game codes with many valuable rewards for your account.

Follow the Tokyo Ghoul Awakening fanpage here: <https://www.facebook.com/TGThucTinh/>

### Updates in the Discord group.

An exception for mobile gamers who are used to joining official game groups on Facebook, Tokyo Ghoul Awakens offers something new: the game's community group is on Discord. There, you can not only receive gift codes but also make friends and share gameplay experiences.

**Join the Tokyo Ghoul Awakening Discord channel.**

### Refer to information from reputable sources.

The need to find and update game codes is essential when we want to experience games like Tokyo Ghoul Awakens. However, compiling them is incredibly time-consuming, so game information websites are extremely reliable and useful resources for gamers. These sites not only help you easily update and compile a complete list, but also provide exclusive gift codes given by the game to players, for example, the Code Game page on GEARVN.

Above is a compilation of newly released **Tokyo Ghoul Awakening codes** for both newbies and hardcore gamers. Please leave a comment with your favorite game titles so GEARVN can update and compile them in future articles in the Game Codes section . PEACE!
