Galaxy S10 and Galaxy S10 + have quite similar configuration, while Galaxy S10e is a cheap product, so it has the technology of screen, memory capacity, camera . there are certain shortcomings. Galaxy S10e will not have fingerprint sensor under the screen like on Galaxy S10 / Galaxy S10 +, instead of fingerprint sensor at the side.

Galaxy S10.

Especially in this launch Samsung introduced the Galaxy S10 5G version, the phone supports a new high-speed network, owning a 6.7-inch screen, 4,500 mAh battery.
