To convert PDF to Word, select option **4: Convert PDF to Word**.

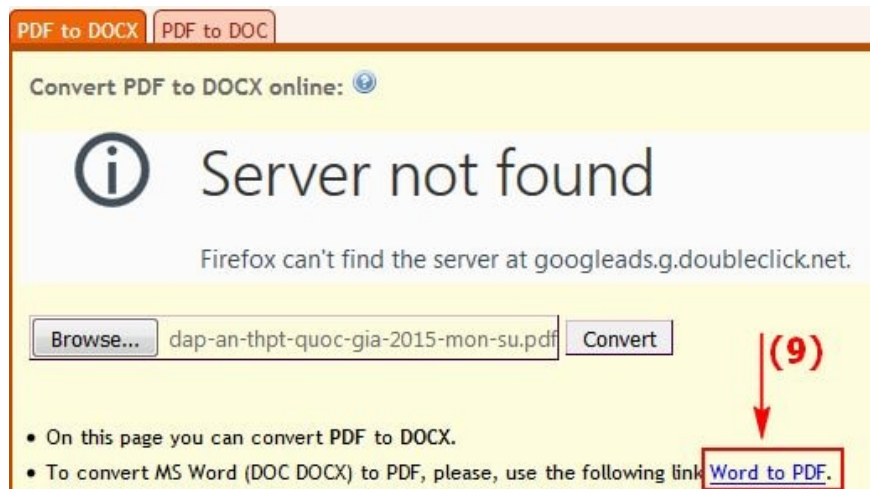

Choose the output file format as DOCX ( Word 2007 , Word 2010 , **Word 2013** ) or DOC ( Office 2003 ) ->

**Browse** to the file you want to convert -> Select **Convert** -> The conversion time will vary depending on the file size -> You will then receive your Word file.

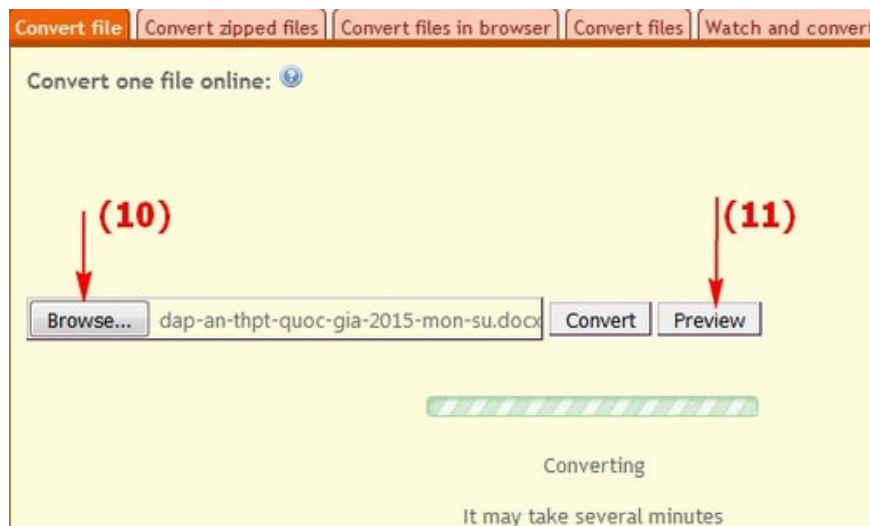

Similarly, for other functions such as converting images to PDF, you can do the same.

On the website interface, after converting the PDF image to Word, select **Word to PDF**.

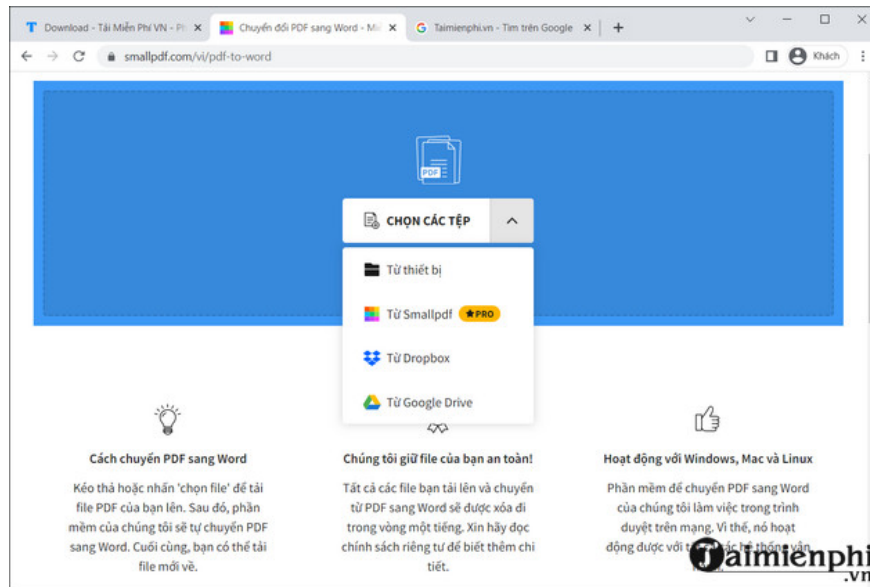

Next, select the Word file you want to convert -> Choose **Preview** (Remember to choose Preview, not Convert)  
-> Then you will get a PDF file.

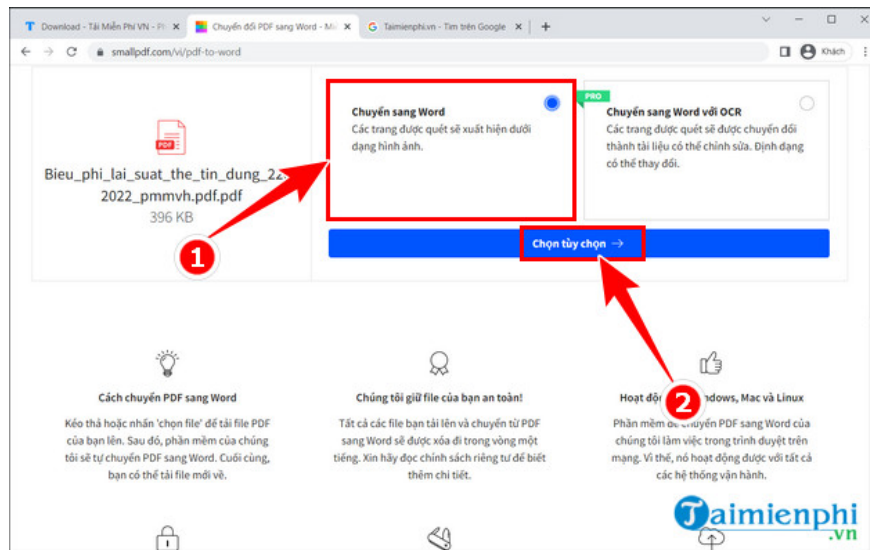

While converting from Word to PDF is relatively simple thanks to the built-in function in Microsoft Word, converting from PDF to Word or other formats like images and text often presents difficulties, particularly with font errors and file structure issues.
