

Convert YouTube MP3 files

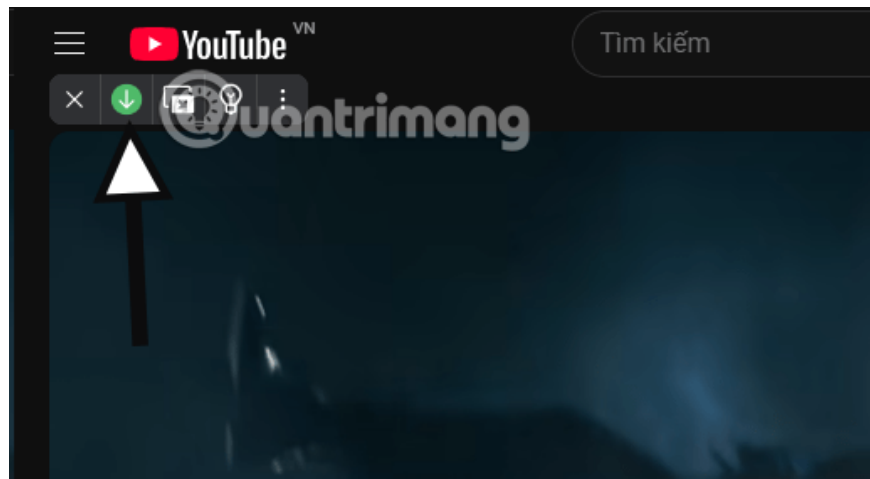

Downloading music from YouTube, or downloading MP3s from YouTube, allows you to put music on your phone or computer to listen to offline, set it as a ringtone, etc. With these 12 ways to download MP3 music from YouTube, you will get your music from YouTube very quickly.

Many songs are not available on music streaming apps like Spotify , Zing MP3 , Nhaccuatui, SoundCloud, or AppleMusic, but only on YouTube. You'll need tools to download music from YouTube, and we'll guide you on how to download MP3s from YouTube below.

Download YouTube music with Chrome

The easiest and most convenient option for those using Chrome is still the browser's default download manager.

Step 1: Simply go to YouTube, find the song you want to listen to, and select the arrow icon in the corner of the video as shown in the image below.

Step 2: Select a song from the Audio section to download the MP3 music.

Download YouTube music with Ytop1.com

Fast speed, no ads.

How to download YouTube MP3s using Ytop1:

Step 1: Copy the YouTube video URL.

1. Open the YouTube video you want to download the MP3 music to your device.
2. Click on the address bar at the top of the browser window to highlight the address.
3. **Press the Ctrl+C** key combination or **right-click and** select **Copy** .

Step 2: Access the YouTube MP3 download website ytop1.com or click directly on the download tool link below:

<https://ytop1.com/vi392/download-youtube-to-mp3-music>

Step 3: Enter the YouTube video address to download the MP3 into the text field at Ytop1, then press **Ctrl+V** or right-click **and paste the YouTube video address** .

Step 4: Choose the quality of the YouTube MP3 file to download.

1. Click on the MP3 High Quality box.
2. Choose the desired YouTube to MP3 download quality from the newly appearing list, ranging from 64Kbps to 320Kbps.

Step 5: Click the blue " **Get Link MP3**" button at the bottom, and Ytop1 will immediately convert the YouTube video into an MP3 file.

Step 6: Click the green " **Download Now** " button that will appear on the left after the conversion is complete. Click " **Download Now** " to download the MP3 file.

Additionally, you can preview the MP3 before downloading it from YouTube by clicking the "**Play Music**" button on the right in the image above. This is why Ytop1 is considered by users to be the best download tool currently available. Besides Ytop1, you should also check out some other online tools that help you download MP3s from YouTube to your device, of course, on a computer only.

Ytmp3

<https://www.brewsique.fr/>

Rated as one of the top tools for converting YouTube videos to MP3 format, Ytmp3 stands out for its convenience and completely free usage with no limits on the number of videos you can download.

This website is designed with an extremely simple interface, allowing users to easily paste the link of the YouTube video they want to convert into the search box and quickly receive the MP3 file.

Ytmp3 does not require users to register an account, saving time and effort. The audio quality supported by Ytmp3 ranges from 128kbps to 256kbps, ensuring users get clear and high-quality MP3 music for their personal listening needs.

Y2Mate

<https://www.vibbio.com/>

<https://y2mate.lol/vi56/>

Y2Mate is a comprehensive online platform that not only supports converting YouTube videos to MP3 format but also allows downloading videos as high-quality MP4 files. Y2Mate's strengths lie in its intuitive interface, fast conversion speed, and compatibility with most devices and web browsers currently available.

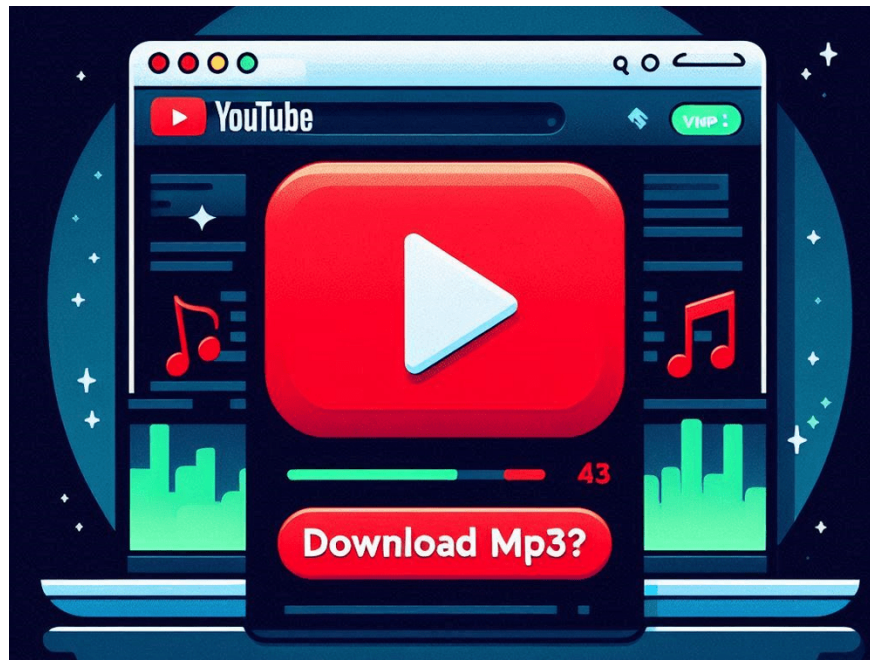

Users can easily paste YouTube video links into the website and select their desired format and audio quality, including high-quality options up to 320kbps. Y2Mate provides a smooth video upload and conversion experience, meeting users' needs for storing and enjoying offline content on a variety of devices.

Wave.video

<https://wave.video/convert/youtube-to-mp3-30>

Wave.video offers a completely free and easy-to-use online tool for converting YouTube videos to MP3. A key advantage of Wave.video is its support for a wide variety of input video formats, not just YouTube, while still preserving the original audio quality of the video after conversion to MP3.

You don't need to install any software or register an account to use Wave.video; simply paste the YouTube video link into the website and click the convert button to quickly download the MP3 file.

AISEO YouTube to MP3 Converter

<https://app.aiseo.ai/tools/youtube-to-mp3>

AISEO YouTube to MP3 Converter is a free online tool that allows users to quickly and easily convert videos from YouTube to MP3 format without any limitations on the number of files. This website is highly rated for its conversion speed and the good audio quality of the downloaded MP3 files.

Notably, AISEO is ad-free and doesn't require users to register an account, providing a smooth and convenient user experience. Furthermore, AISEO supports converting both regular YouTube videos and YouTube Shorts, meeting diverse user needs when wanting to extract audio from YouTube videos.

GreenConvert

<https://greenconvert.net/en10/youtube-mp3/>

GreenConvert is a free online tool that allows users to safely and easily download videos from YouTube as MP3 or MP4 files. The website supports various formats and offers video trimming functionality, allowing users to customize the audio or video segments they wish to download. With its user-friendly interface, GreenConvert enables users to perform download and conversion operations quickly and without difficulty.

Convert2MP3

<https://de.convert2mp3.club/>

As a versatile online tool that supports users in converting YouTube videos to various audio formats, including MP3, M4A, AAC, FLAC, OGG, and WMA, Convert2MP3 is a popular choice for downloading MP3s from YouTube.

One useful feature of Convert2MP3 is its ID3 tag editor, which allows users to customize information such as song title, artist, and album for downloaded MP3 files. This website offers users great flexibility in choosing formats and managing their audio files.
