

# Create a logo: Top online logo design websites.

Besides logo design software, many websites now offer online logo creation tools, allowing people to quickly design logos online without needing any software. Among the best and most popular online logo design websites are Logaster and Flaming Text.

Typically, when someone needs a logo designed, they often ask a friend or hire someone proficient in Photoshop or CorelDRAW. However, this isn't always easy. If you want a simple logo, you can use online design tools. Many websites are available for this purpose, and in this article, TipsMake will introduce you to the top **online logo creation** websites currently available.

## Top websites for creating logos online.

## 1. Logaster - Online logo creation website

**Logaster is one of the best logo creation services available today.** All you need to do is enter your business name and type. The service offers a wide variety of logo templates for you to choose from, which you can edit or download for use.

Logaster supports many image formats, including PNG, PDF, SVG, and of course JPEG. **With just a few simple steps, you can have a beautiful logo exactly as you want** . Logaster is easy to use for everyone, even those without design skills can create a professional logo.

In addition, Logaster allows you to create business cards, envelopes, and pre-made company forms.

We tried creating a logo for TipsMake, and Logaster really has a wide variety of logo templates with different font styles combined with a harmonious and logical arrangement of graphic elements. You can see the image below.

**In addition to logo creation, Logaster also supports the creation of business cards and other business forms.**

Using Logoaster.com with its ready-made templates will help you quickly create a beautiful logo without needing any graphic design knowledge or skills in using complex design programs; it's clearly a great tool worth using.

## 2. Flaming Text - Online Logo Design Website

If your logo consists entirely of text, then this is the best website for you. As its name suggests, this website has a rich selection of fonts with over 300 styles. You won't have any trouble choosing a font for your logo, signature, or text-based images, and you don't need any special skills.

### Create a free logo with Flaming Text

One advantage of Flaming Text's online logo creation service is that you can see the results instantly, instead of wasting time switching to another page by clicking on a link when changing settings. For example, when you enter text into the Logo Text box, the text will appear immediately at the top without needing to switch to the next page to see the result. Additionally, font selection is done directly on the design page by clicking on the Font field and choosing a font from the dropdown list. Furthermore, the Tools menu includes other useful features such as Photo Editor, which allows you to edit photos with basic tools to further refine your logo.

### 3. Cool Text - Online Logo Creation Website

If you prefer a text-based logo style, this is the best option for you. This online tool allows you to create beautiful text logos, and you can easily edit the colors, fonts, and more.

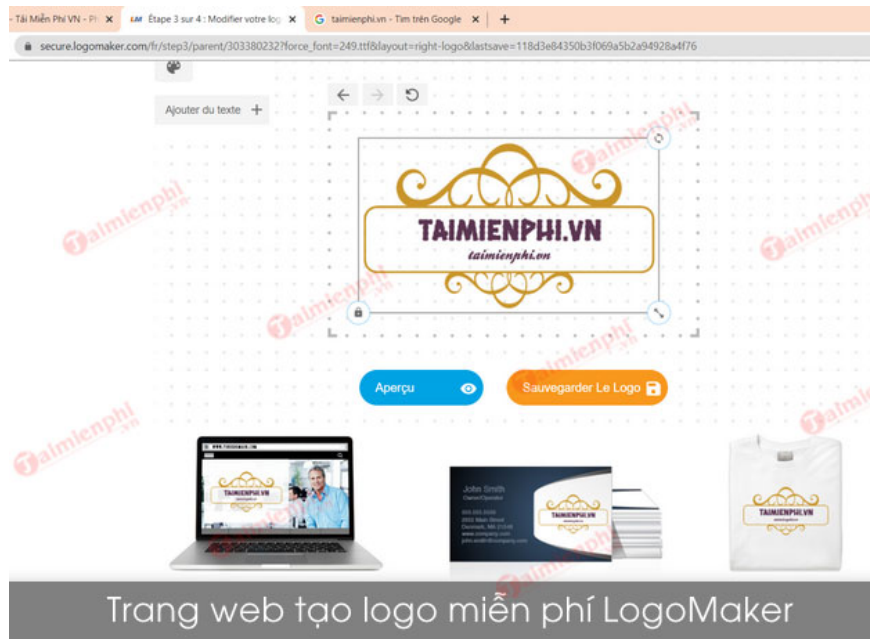

## Website for creating logos with names online

With its extensive library of templates, images, and styles, all you need to do on Cool Text is choose your favorite image or style, fill out the form, add the image, select the font, and wait a few moments. Cool Text will help you create a professional logo without needing any high-end graphic design software. Cool Text's service is completely free and does not require registration. After creating the logo, the image is only stored for 1 hour, so you need to download the logo to your computer (in PNG format) or click the "Get HTML Code" link to get the image address and embed it wherever you want.

**Visit the website:** <https://cooltext.com/>

## 4. LogoMaker - Online Logo Design Website

LogoMaker, a free online logo creation website, offers thousands of different logo templates, including company logos, game logos, restaurant logos, school logos, music logos, and even cool text logos. From the logo creation section, you can easily choose a suitable theme and create a beautiful brand logo for yourself or your organization. LogoMaker boasts a diverse and extensive icon library, providing users with millions of different icons to create logos that match their style. It also includes a wide selection of commonly used fonts in logo design and supports Vietnamese.

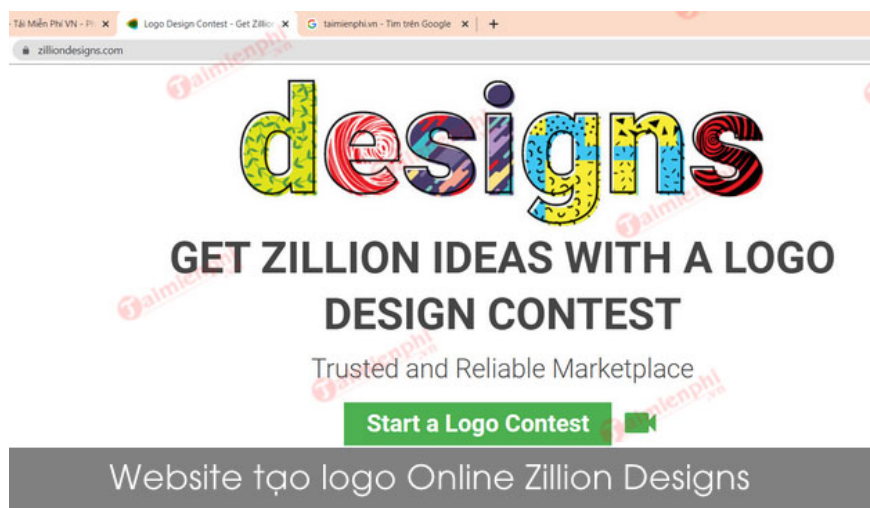

## Create a logo with your name for free.

The advantage of LogoMaker is its user-friendly logo creation toolset. Right from the start, the service will guide you and provide you with the most suitable logo templates that are easy to edit to create your brand.
