

Create the Avatar 'Run Now' in the poster style of Son Tung M-TP

If you are a hard fan of Son Tung or simply want to create an MV-style Facebook avatar Run Now, follow the steps in this article.

In recent days, Son Tung M-TP has made the social network "crazy" because of him when he continuously released the poster to the teaser trailer of the song signaling the return after a long period of absence. The point worth mentioning is that the new song "Run Now" is causing a fever on social networking site Facebook, there are many Facebook avatars in the "Run Now" poster style, including extremely "Instantly Run" photos. Humor is also widely shared by netizens.

And if you are a hard fan of Son Tung or simply want to create a Facebook "MV" style, then follow the steps in this article.

Step 1:

On the phone or computer, you access the link below (operation on the computer will be more convenient).

1. Run now: <https://wy3.github.io/chayngaydi/>

Step 2:

Next, click on the text to edit as you like.

Step 3:

Click on the image and paste the link address of the image you want to create an Avatar in the "Run Now" poster by Son Tung M-TP. Then, select *OK* to finish.

And this is the result after creating.

Step 4:

You can take a screenshot and use the image resizing software to resize it to fit your Facebook avatar.

Note:

1. The image should be cut into a square ratio, the least resolution: 180 x 180 pixels, the resolution for the best image: 2048 x 2048 pixels.
2. If you're not too picky, just take a screenshot and cut the image into a square, you don't have to care about getting the correct pixel count.

Step 5:

After editing, save and the image will appear in the device's default image storage application. Now you can proceed to share or post to your personal page to replace your Facebook avatar. Very simple, right?
