

Deleting iCloud space on iPhone helps you store more comfortably

Knowing how to clear iCloud space on iPhone helps users free up memory to easily store applications or other important information. Please refer to the 3 simple and quick ways to clear iCloud space on iPhone through the article below.

To clear iCloud space on iPhone, you can refer to the following methods.

Delete unimportant apps and data

The simplest way to clear iCloud space on iPhone is to delete unnecessary applications or data.

Step 1: On the iPhone's home screen, press and hold the icon of the application you want to delete until it starts to vibrate.

Step 2: Next, select "Delete application" and confirm this action.

Step 3: If you want to delete all data files related to the app, select "Delete app account" and press confirm.

Turn off iCloud photos

Turning off the iCloud photo feature is one of the simple and effective ways to clear iCloud space on iPhone. However, you should note that turning this feature off may result in losing images on the device if not backed up. If you decide to turn off the iCloud photo feature to save space, do the following:

Step 1: On the iPhone's home screen, go to 'Settings' and select your Apple account at the top of the page.

Step 2: Next, click on 'iCloud' and then find the 'Photos' option.

Step 3: Right in the 'iCloud Photos' section, switch the switch to the left to turn off this feature.

Clean up iCloud Drive

iCloud Drive is a cloud storage service provided by Apple that allows you to store, share, and access your files across multiple devices. Below are details on how to clear iCloud space on iPhone:

Step 1: On the iPhone's home screen, open the "Files" app and select "iCloud Drive".

Step 2: Here, you select unnecessary files to delete or move them to "Trash".

Step 3: To delete files in the trash, click "Trash" and then select "Delete all" and you're done.

The above article has just shown you how to delete iCloud space on iPhone to help you have more space to store important applications and documents.
