

## Dell Inspiron 1410 - mid-range laptop with strong configuration

Dell's 14-inch notebook with vibrant colors costs only US \$ 570 but is equipped with Intel Pentium Dual-Core T2390 1.86 GHz chip, 120 GB SATA hard drive and DVD burner.

**Dell's 14-inch notebook with vibrant colors costs only US \$ 570 but is equipped with Intel Pentium Dual-Core T2390 1.86 GHz chip, 120 GB SATA hard drive and DVD burner.**

Inspiron 1410 has a weight of 2.27 kg, WXGA screen resolution of 1,280 x 800 pixels, a standard keyboard and dual-core processor with 1 MB L2 cache, FSB 533 MHz. Users will only have to spend 500 USD if choosing lower configuration including Celeron M 560 (2.13 GHz, 1 MB L2 cache, FSB 533 MHz), DDR2 512 MB and 80 GB hard drive.

The system uses integrated graphics card, shared memory can reach 256 MB (with Dual-Core T2390 version) or 128 MB (Celeron version), 3-in-1 card reader, wireless connection 802.11b / g , Ethernet and dial-up modem. T2390 version also supports Bluetooth and 6 cell battery.

Currently, buyers of Dell Inspiron 1410 using Celeron chips will have the opportunity to upgrade the computer to 1 GB of RAM for free.
