

## Dell unveiled the ultra-thin Vostro V13 for \$ 450

Yesterday, Dell announced the Vostro V13 with an ultra-slim design, aimed at business users.

**Yesterday, Dell announced the Vostro V13 with an ultra-slim design, aimed at business users.**

The model has a 13.3-inch screen, which is part of this ultraportable group, but the design has many differences with Dell's original Adamo version. V13 runs on Intel ULV processors with different options from Celeron 743 to Core 2 Duo SU7300.

Dell Vostro with super slim design

The device is only 16.5 mm thin, weighs 1.59 kg, the 6 cell battery and is not removable. The company's website said that this model will have a starting price from 450 USD and start selling globally since yesterday.
