

# Detail of the character classes in the game Outriders

One of the most anticipated survival shooters this year, Outriders just released on April 1, 2021 for Windows and Console. You should learn about the character classes in the game Outriders a bit before diving into the game.

**Outriders** is a co-op immersive third-person shooter game developed by **People Can Fly**, published by **Square Enix**. Earlier this year, a trailer for Outriders was revealed and it brought real excitement to the gaming community.

When first entering Outriders, players will be able to customize the look of their own Outrider character, choosing one of the four available Outriders characters. Each character will have its own characteristics that suit different gameplay. Therefore, you need to learn about Outriders game character classes to make the best choice for you.

## *1. Outriders character - Devastator*

Devastator is a character built for players who want to be a tank, you can take a lot of damage while also doing a lot of close range damage. You will be the front line of the team that makes the enemy tremble when seen. You can make him a high damage fighter or invincible tanker.

### **- The ability of character Devastator**

1. Gain 15% more maximum HP
2. Armor increased by 30%.
3. Every close-range kill heals you for 24% of your maximum HP.

**- Melee Skill:** Deals damage and bleeding to all enemies in a small radius (cooldown 1 second). Sprinting before using a Skill will change the skill to a ground stab with a larger AOE, but they will also have a longer cooldown (2 seconds). However, the more you use it, the longer the cooldown will be.

- **Healing Mechanic:** You will recover HP after destroying enemies

## 2. *Outriders Character - Pyromancer*

Just by reading this character's name, it is easy to guess that a Pyromancer is capable of manipulating fire, and can perform powerful AOE mid-range attacks. This class works best as the primary DPS (damage) of a party.

- **The ability of the Pyromancer character**

1. Gain 10% more anomalous power.
2. The attack skill damages an enemy for 15 seconds, destroying an enemy with 24% of the player's maximum HP.

- **Melee Skill:** Damages and deals Burns to all enemies in a small radius (CD 1 second). Sprinting before using Melee Skill will change the skill to a shot with a larger AOE, but will have a longer cooldown (2 seconds).

- **Healing Mechanic:** If the enemy has been killed by your skill, you will restore HP, even if you are not the one to defeat them.

## 3. *Outriders character - Technomancer*

Technomancer class is inclined to support, the team will work better if this class is included. You use various utility items to damage, freeze enemies, and heal yourself or your teammates.

### - Technomancer character abilities

1. 15% more damage to long-range weapons.
2. Skill damage increases by 15%.
3. Increases Weapon damage by 15%.

- **Melee Skill:** Deals damage and Freezes to all enemies in a small radius (CD 1 second). Sprinting before use changes to a larger range attack, the longer the cooldown (2 seconds), the longer the cooldown is used.

- **Healing Mechanic:** You will partially recover HP as damage dealt.

### 4. Outriders character - Trickster

Trickster may be the hardest character to play in Outriders, but it's also the coolest character. Trickster does great damage in close range and has a very fast attack speed, the strategy of using this class is to fight guerrillas, run and assassinate enemies.

### - The ability of the Trickster character

1. Gain 5% more maximum HP.
2. Active Shield reduces damage by 5%.
3. Every kill an enemy at close range restores 20% of maximum HP, gaining 12% Active Shield.

**Melee Skill:** Damages and slows all enemies in a small radius (CD 1 second). Sprinting before use will increase damage range, but cooldown longer (2 seconds).
