

# Detailed weapons list in Valorant

This is a list of weapons in Valorant, but not many, but still has a full range of types for players from melee to ranged attack.

From the experimental gameplay of Valorant, you can know the character classes in the game with different special abilities such as building a colorful poison wall, creating smoke clouds or simultaneously firing 5 knives at the enemy. Each character will have some skills that you can use during the match.

In addition, you will have a complete set of weapons with different types of guns. Of course, because the nature of Valorant is still a shooter, to know more about the weapons in Valorant, please see the list below.

## Detailed list of weapons in Project A Riot Game

### Pistols (Sidearms)

The first and always available gun in any shooting game. At the same time, this is also the cheapest gun in Valorant's guns, the list of shotguns in Valorant includes:

1. Classic Sidearm
2. Shorty Sidearm
3. Frenzy Sidearm
4. Ghost Sidearm
5. Sheriff Sidearm

## Sub Machine Gun

For gamers who often play shooters, SMG is no longer strange. Despite appearing in Valorant, the SMG gun is not diverse, only two SMGs are:

1. Stinger SMG
2. Specter SMG

## Shotgun (shotgun)

Like many other titles, Shotgun in Valorant is very good in melee roles. Although there are only 2 guns, but those who love playing Shotgun do not worry because it is likely that Riot Games will add new updates to this melee line of guns.

1. Bucky Shotgun
2. Judge Shotgun

## Rifle (Rifle)

Rifle is the line of guns used in Valorant. Not only that, this gun is easy to use and high damage, in return, the price is quite expensive. This is the list of Rifle guns available in Valorant.

1. Bulldog Rifle
2. Guardian Rifle
3. Phantom Rifle
4. Vandal Rifle

## Sniper Rifles (Sniper Guns)

Sniper guns will be the most expensive weapons in the game, divided into two types. It was a medium but strong damage gun and a strong but slower damage gun.

1. Marshal Sniper
2. Operator Sniper

## Heavy rifles

This heavy gun has high damage and high amounts of ammunition but is quite heavy. It makes our character's movement speed decrease clearly, but with their advantages above, it will certainly be a weapon that helps players to prevail in defense.

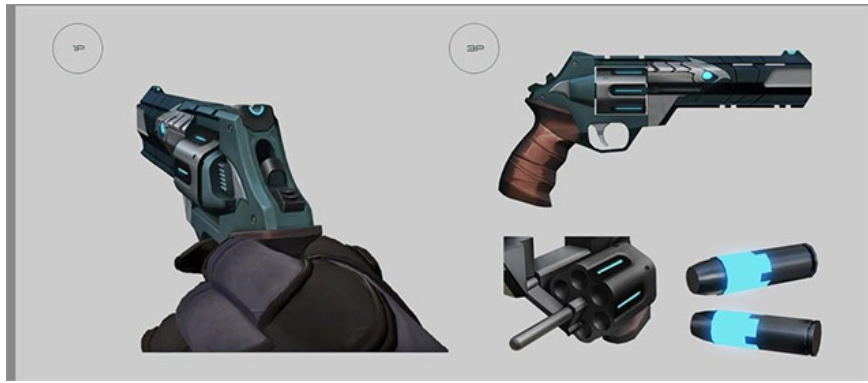

1. Ares rifle
2. Odin rifle

## Spike

A diverse set of features can help players track targets or turn into mines and detonate themselves when an enemy approaches.

## Sova Revolver

A variant of the Revolver with futuristic skin and huge damage. Can target one-shot if aiming at the head.

## Kingdom Rifle

Another futuristic design with Iron Sight and a detachable cartridge and Silencer.

## Classic Revolver

A classic revolver identical to the Sova Revolver, this may be the default skin of the Revolver.

## Knife

Unique weapons do not need reload, but the damage is very good if you crash right. It also has another use to make the character run faster when switching to a knife.

That is the list of weapons in Riot Games' Valorant, basically still full of weapons for you to choose but the number may not be much.
