Quantrimang would like to send you the wallpaper Devil May Cry 5 high resolution for computers

After a long time since Devil May Cry 4, Devil May Cry 5 focused on a demon army led by a man named Urizen. Guided by V, the legendary Dante and his partner Nero will come to kill Urizen but receive a painful defeat at the beginning of the game.

Nero survives, Dante is missing. Nero sets out to rescue the world not long after, by crossing cities that are flooded with demons and on the dark giant tree. Step by step, every step will take you to kill and show your marksmanship into thousands of pieces.

Devil May Cry 5 is the sequel to the Devil May Cry series from Capcom. Directly linked to previous games, DMC 5 this time will still take players on the path of familiar characters. After 10 years of waiting since version 4, too many rounds are being set for DMC 5 and Capcom is trying to do the best to avoid fans' expectations.

Devil May Cry 5 has a pretty heavy hardware requirement, so the game graphics are very realistic and get a lot of positive reviews. According to Metacritic scores, Devil May Cry received 9.1 points for the PC version and 8.6 for the PS4 version, a number that shows the good performance of Devil May Cry 5 times. And with beautiful graphics like movies, there is no shortage of images of DMC 5 that you can wear for your Desktop.
