

Did you know how to add YouTube channel to Facebook Fanpage?

YouTube provides users with the option to link their YouTube and Facebook accounts so that every time you upload a new video, it will show up on your timeline.

YouTube provides users with the option to link their YouTube and Facebook accounts so that every time you upload a new video, it will show up on your timeline.

YouTube cannot link your channel directly on Fanpage pages, but you can link YouTube channel on Fanpage or use Facebook's 3rd application. For example, if you regularly upload (upload) your YouTube channel of instructional videos, product descriptions, etc., the application will automatically upload your video to the timeline so that other users can access it. watch your video.

Steps to add YouTube channel to Facebook Fanpage page:

Step 1:

Log in to your Facebook account under Admin to control your Fanpage page.

Step 2:

Next enter the keyword **YouTube** into the Search Facebook frame and then click on **YouTube for Pages** on the search results list.
