

Digiworld offers Acer Aspire 3500 notebook for 688 USD

On August 3, Digiworld distributor officially launched the new Acer Aspire 3500 laptop (photos) for only 688 USD, adding Targus handbags for 45 USD.

On August 3, Digiworld distributor officially launched the new Acer Aspire 3500 laptop (photos) for only 688 USD, adding Targus handbags for 45 USD.

At this price, Acer Aspire 3500 is currently the cheapest laptop (notebook) available today. Previously, there were three other low-cost notebooks from HP, Acer and BenQ with prices ranging from 777 to 899 USD.

Acer Aspire 3500 is a mobile entertainment device that meets the needs of work and entertainment thanks to the connection between Acer's own graphics applications and entertainment software such as Acer Arcade, dual DVD technology and Acer eManagement.

Ergonomically designed Acer Aspire 3500 with access ports and front control buttons, supported by Grid Vista software allows users to open multiple windows at once on the screen, optimize performance work rate. Like other new notebook models from Acer, Aspire 3500 is integrated with Acer eManager software with functions such as Acer eSetting, Acer ePresentation, Acer ePowerManagement, Acer eRecovery.

Standard configuration of Acer Aspire3500: Linux operating system; Intel Celeron M Processor CPU 370 (1.5 Ghz; 1MB L2 Cache); 256MB DDRAM memory; 40GB hard disk; DVD-ROM / CD-RW drive; 15 inch XGA TFT LCD screen; 3 USB 2.0 ports. Built-in 802.11 b / g wireless network card; 10/100 Mbps Fast Ethernet network card and 56K modem V.92. Severe: 2.8kg.

Distributor: Digiworld Company, 211-213 Vo Van Tan, District 3, Ho Chi Minh City.Tel: (08) -9.29 00.59.Email:marcom@dgw.com.vn.
