1. The 6 largest meteorite blocks are detected on the surface of the Earth
2. The world's largest aircraft reaches an altitude of nearly 1,200 m

Harmony of the Seas is as long as 3 football fields or 5 Boeing 747s. It has a capacity of up to 120,000 tons, a length of 362 m, 100 meters more than the Titanic (Titanic 269 meters long) and 6mm wide (more 1 m compared to Allure of the Seas and Oasis of the Seas - 2 largest yachts in operation).

This giant yacht has 18 floors, simultaneously accommodating more than 6,300 guests and 2,100 crew members.

2,500 workers had to work up to 32 months, using 60,000 tons of steel, 4,000km of electric cable, 500 tons of paint to complete the world's largest yacht.

The ship has 2,747 rooms, divided into 7 neighborhoods decorated in different themes.

The yacht is luxuriously furnished. The bar is served by robots.

Inside the yacht is equipped with elevators and theaters with a capacity of 1,400 seats, 3 water slides, each with 10 floors.

There are many other fun and entertaining activities on Harmony, including 2 on-board surfing areas and a standard-sized basketball court.
