Through the video we seem to see a part of ourselves in it, the man was too engrossed in the things on the smartphone screen, the buttons like the soulless but forget his daily life like communicating with people , pay attention to the dangers along the way or enjoy the beauty of life. Then at the end of the day before going to bed, he still didn't forget to write a boring question on the social network. Smartphone is created to serve human life, so the above video is a wake-up call for those who have been and are slaves of smartphones.
