When the Game Over table appears, if you achieve a high ranking during a long game, you will have a chance to get some Candy as a reward. Currently, all gamers only note that the top 3 players will receive a maximum of 10 Candy in any case, besides, you only earn 10 candies per day.

2. Buy candy

If you want to support the developers of Auto Chess by buying their Candy, then you can do it by buying Candy through the store in Dota Auto Chess. By clicking on the **Couriers Warehouse** icon in the upper left corner of the game interface.

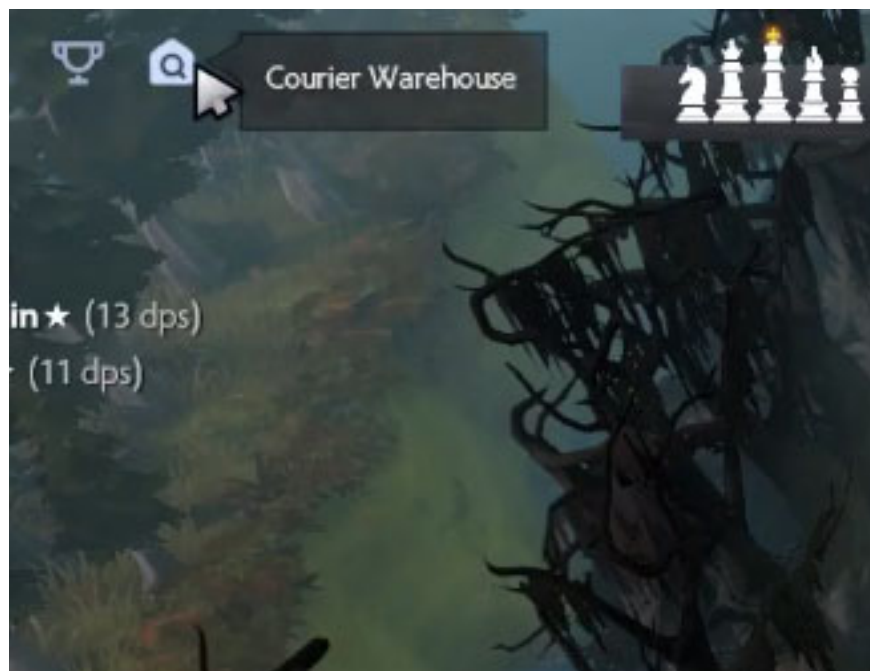

Next click on the plus sign next to the amount of Candy you have, you will be taken to the Ebay site with "candy packs" available at various prices. Buy them and you will have **CD Key** for Candy purchased from the developer. Go back to the game and enter that CD Key in the box above and click **Activate** to get the number of Candy you bought.

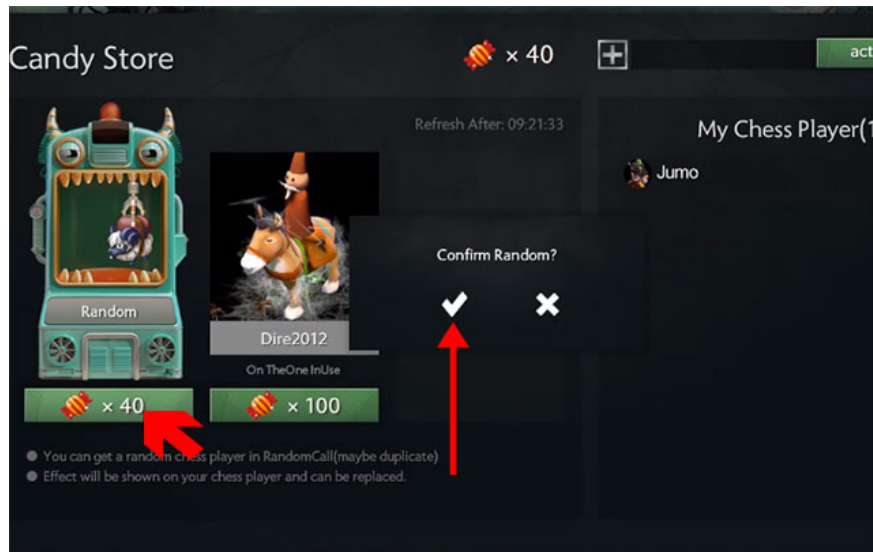

3. Use Candy to buy Couriers

Step 1: Once you have enough candy, click on the Courier Warehouse icon in the upper left corner of the game interface.

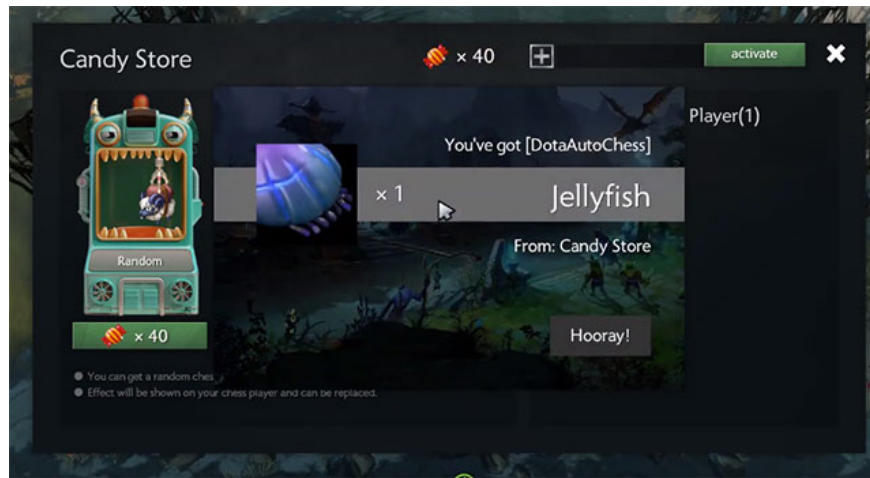

Step 2: Next, click the spin button and press the V letter in Confirm Random table. Each time you spin you will spend 40 Candy, the camera will make a random Couriers rotation.

Step 3: You will then receive a Couriers, noting that the Couriers may be duplicated when filming. So you have to stock up a large number of Candy and then spin, so you will have a chance to get a complete collection of yourself.

Right now, you can only spend your Candy to play a funner and collect new Couriers, new Couriers will be added to **My Chess Player** . Select the Couriers you just got to be the main Player.
