

Download Alphaputt, a golf game with a beautiful design, is free

Alphaputt is a golf game combining puzzles involving physics mechanisms very nicely and interesting. The game is a combination of many different elements such as sports, challenges and a bit of typography when arranging the shape of the screen through the alphabet.

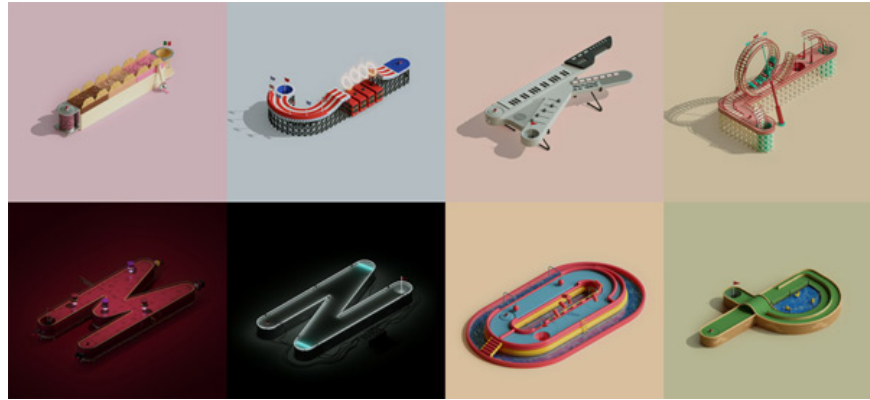

Alphaputt is a golf game combining puzzles involving physics mechanisms very nicely and interesting. The game is a combination of many different elements such as sports, challenges and even a bit of "typography" art when arranging the shape of the screen through the alphabet.

The task of the player in the game is to complete basic training, practice skills to be able to defeat his opponent easily.

Alphaputt consists of 30 levels with different levels of difficulty, based on the letters A to Z. Each level has its own sound system, transition effects that change constantly and have many obstacles to create feelings. Excitement for players.

The control system in the game is also quite intuitive, easy to manipulate, players can move around the map to have the best viewing angle, thereby deciding the correct direction and adjusting the appropriate shot force to help the ball go to its desired position.

Alphaputt has three main game modes: challenge through 30 levels, compete with friends and Play with random map.

In particular, Alphaputt allows playing 4 people on the same device.

Currently, the Sennep developer is giving the game for free on the App Store for a short time. If you love the games can be delivered and challenged, please download it for free before the promotion ends.
