How to use Vietnamese handwriting fonts for elementary school

After completing the 5 installation steps above, open Word and search for Elementary School fonts. Elementary School fonts include HL Hoctro, HP001 4-row, HP001 4-row 1-square, HP001 4-row 2-square, HP001 5-row, and HP001 5-row 1-square. Simply enter the font you want to find in the font list.

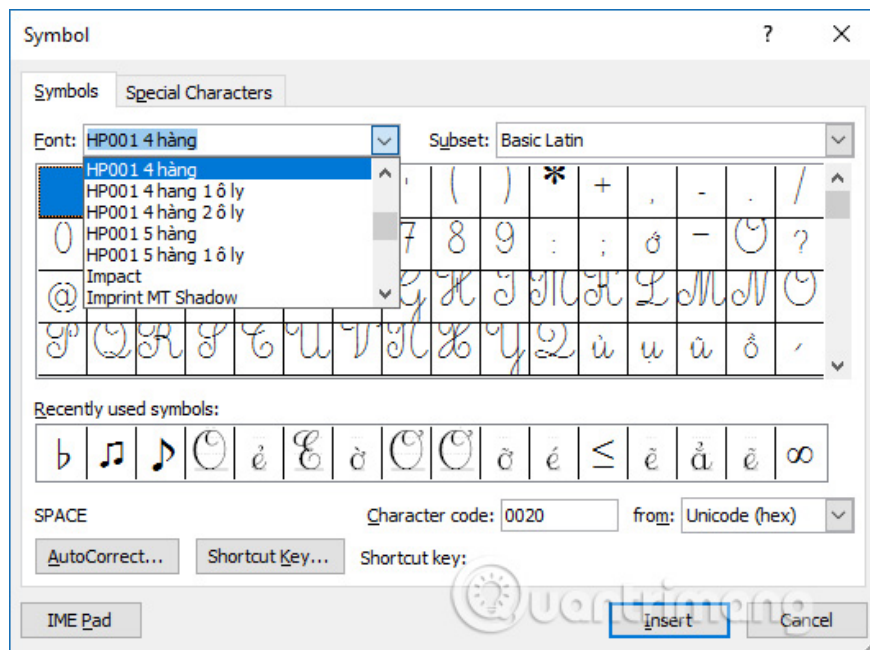

Enter your text and you will see the Elementary School font as shown below.

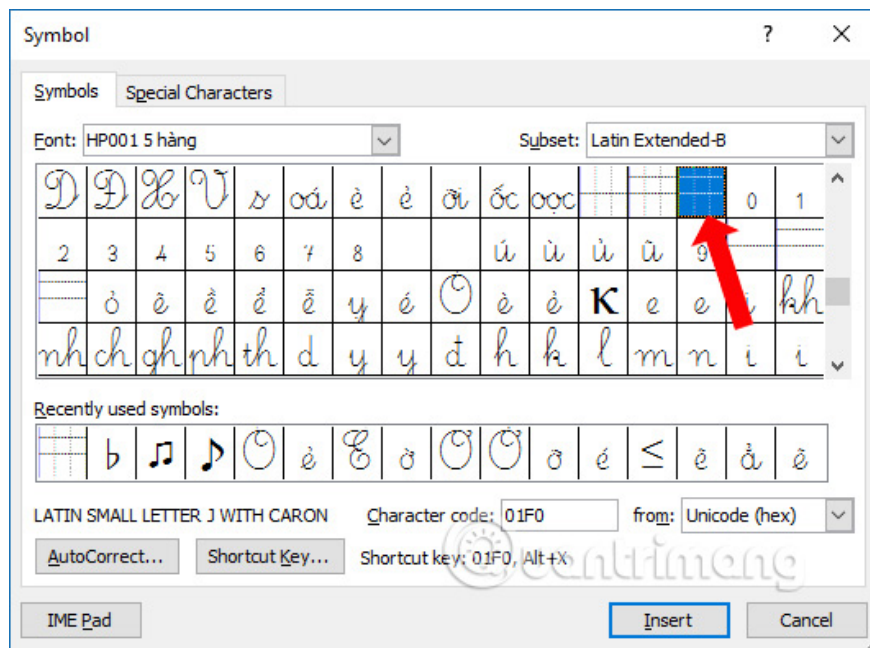

Additionally, when adding these elementary school fonts, users can add elementary school characters like grid lines in Word . Click on **Symbol** and then select **More Symbols** to open the symbol selection window.

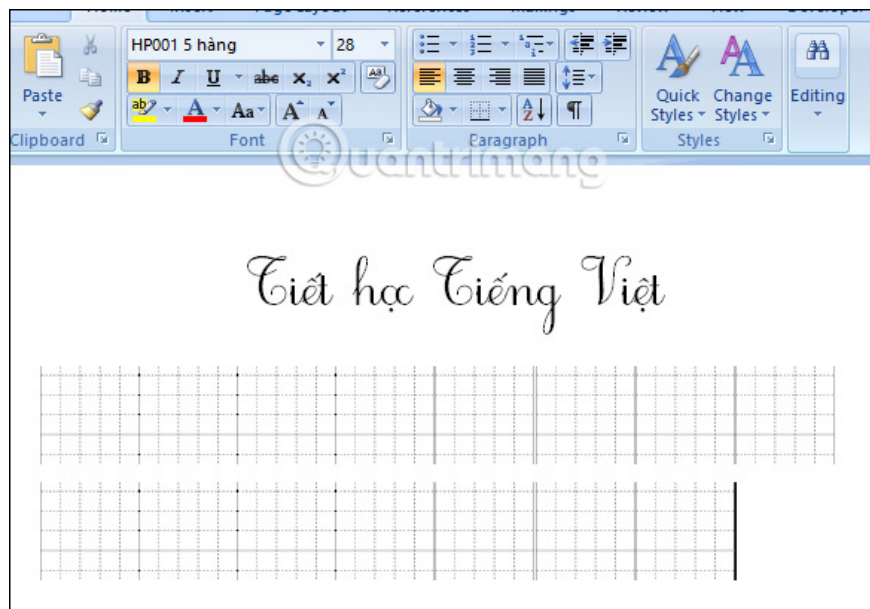

In the Font section, you can also select elementary school fonts and you will see the icons below.

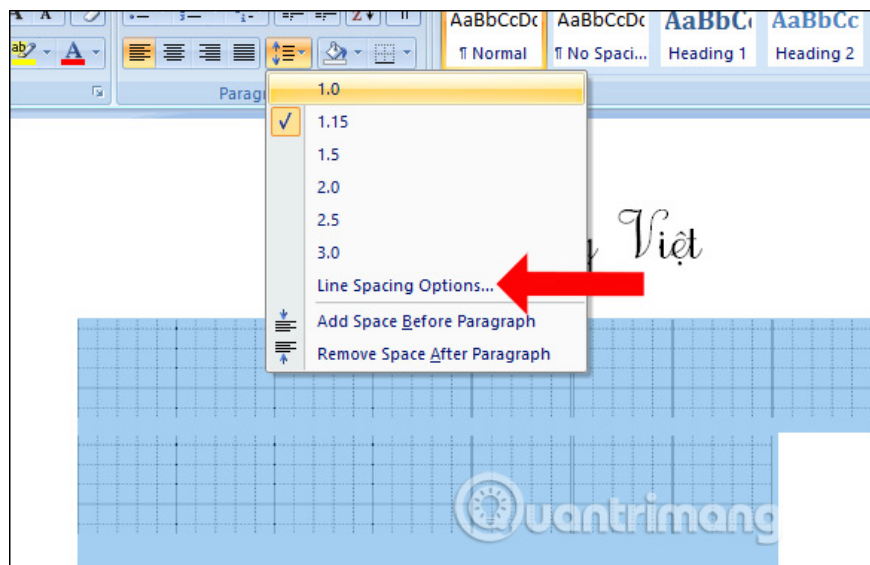

Select the grid icon to use it.

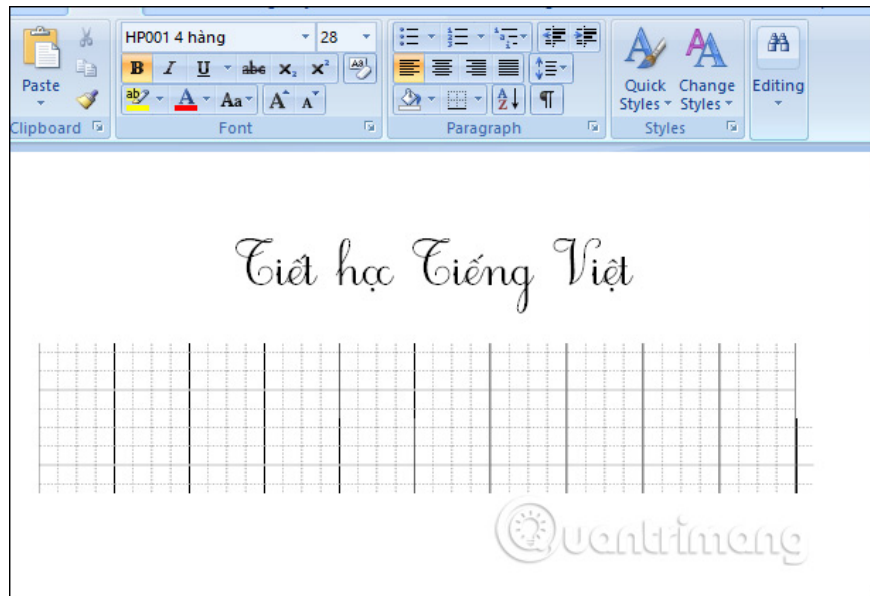

The result will be grid lines like the ones below.

If the grid lines are separated, click Home, **then** select **Line Spacing**, and then select **Line Spacing Options** .

Next, adjust the settings as shown below and then click OK to save.

So now you know how to write elementary school-style letters in Word by installing the elementary school font set. Besides that, it's also easy to draw ruled lines for students to practice writing.
