

Download Facebook videos with simple operation in 2 clicks

When surfing Facebook, there are some great videos and clips that you want to download but don't know how? Let's see the instructions in this article from Hanoicomputer!

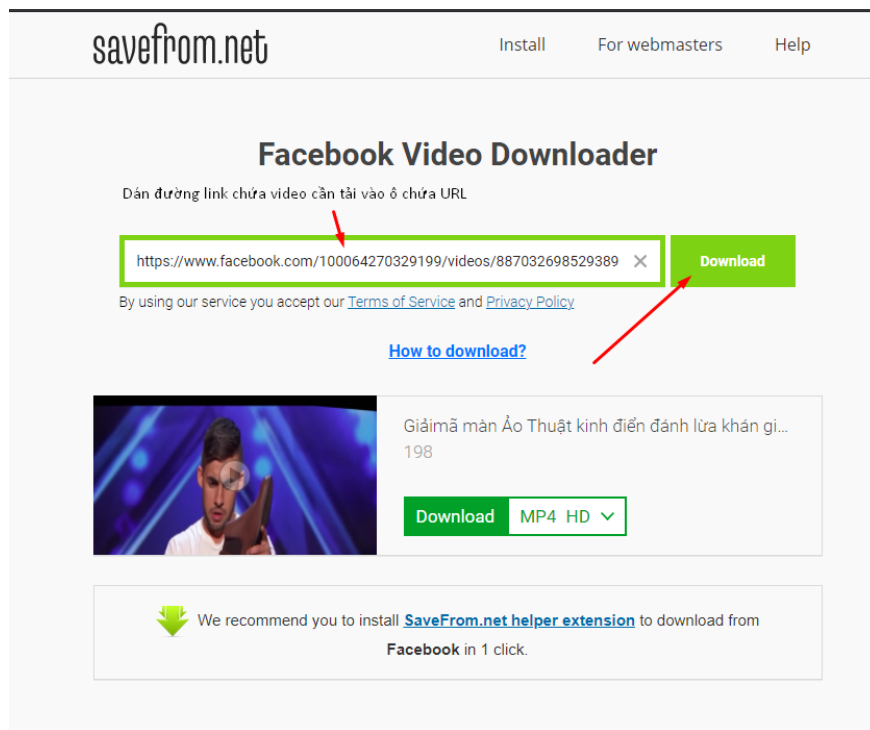

Facebook is a huge social network with millions of members participating. There are a lot of information, pictures, videos posted and shared every day. For pictures or information, copying or saving is extremely simple. But with videos or clips shared on Facebook, there is still no tool to support downloading. However, it is not impossible, below are extremely simple operations that you can use to download clips on Facebook to your device!

Use websites that support downloading Facebook videos online

This can be said to be the simplest, fastest and most convenient way when you want to download clips on Facebook to your computer or laptop. Currently, there are many websites that can support you to download Facebook videos. Among them, we can mention a few websites as follows:

1. <https://www.getfvid.com/>
2. <https://fbdown.net/>
3. <https://en.savefrom.net/9-how-to-download-facebook-video.html>
4. <https://fbdownloader.net/>

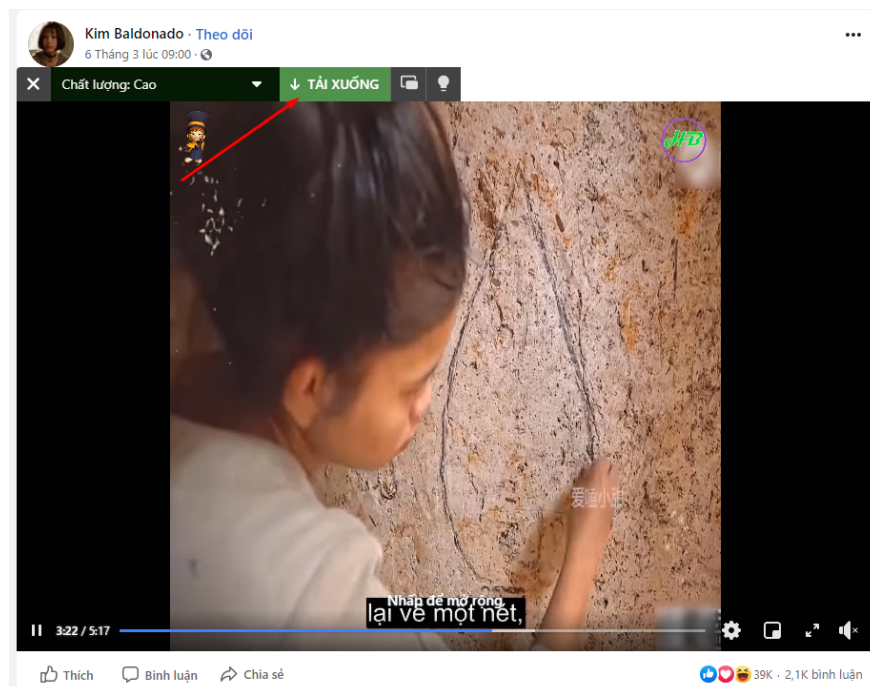

The operations on these download support websites can be said to be almost similar to each other. You just need to paste the video link on Facebook into the address box, then click the Download button and you're done.

Use Coc Coc browser

Coc Coc can be considered as the Vietnamese version of Chrome. Therefore, this browser is integrated with the most tools to increase the user experience. And of course, Coc Coc also supports the feature of downloading clips on Facebook, YouTube or any video on any website.

After installing Coc Coc, when watching any clip on Facebook, when you hover your mouse over it, you will see a toolbar to download the clip. The video quality will be set to the highest default mode but can also be customized according to your wishes. And all you have to do is click the download button to download the clip.

Above are 2 extremely simple ways to help you download clips on Facebook easily to your computer. As the title, just 2 clicks and it's done, very simple. Hanoicomputer never lies, never disappoints you, right?
