3. Update date: 02/23/2021
4. Platform: Windows

Download Free Screen Recorder 10.7 [here](#).

Made for video tutorials, software demos, and video game recording, Free Screen Recorder's intuitive design makes it great for even the least experienced users.

Light and powerful, Free Screen Recorder meets the needs of many PC users.

Features of Free Screen Recorder

The main features are all related to recordings. The program allows you to capture full-screen or user-defined windows, as well as record from camera. When it comes to audio, both the sound from your PC and microphone can be recorded. The output comes in a variety of high quality formats - MP4, AVI, FLV, WMV and H264.

This PC screen recorder comes with a number of handy features that make your life easier. It allows users to stamp images and text during recording phase. Besides, if you are using dual monitor, Free Screen Recorder will record both at the same time.

You can run the program on any Windows operating system, from Vista or higher. However, if you download this screen recorder for Windows 10, you also get some additional benefits. This software will also support 4K and high FPS videos.

Usability and performance

For a free program, when it comes to usability, this screen recorder does surprisingly well. Even if you are not 100% satisfied with what it records, the tool offers a variety of settings to fine-tune your recordings for perfection.

The functions are very easy to use. What you will get is a window with a list of boxes to choose from, as well as several drop-down menus. Admittedly, the windows in this screen recording software don't have the best design, but they're quick and easy to use.

Another tool to make your experience much easier are hotkeys. You can add them to pause, start, and stop recording - all those who have trouble switching windows will appreciate this. Besides, you can choose click effects and sound effects to emphasize the parts of the presentation.

Advantages

1. Free screen recorder
2. Many different powerful features
3. User-friendly layout
4. Comes with a package for creating presentations

Defect

1. Old style design
2. The paid versions have more features
