Do you need to download photos/videos from Xiaohongshu without logo to your phone or computer? Check out this article TipsMake will help you master how to download content from Xiaohongshu.

Xiaohongshu or Xiaohongshu is a super hot platform recently for young Vietnamese people. Especially for those who love beauty and follow fashion trends, shopping, and creating content, they all want to find a way to download photos/videos on Xiaohongshu. So to download videos on Xiaohongshu without a logo, try the extremely effective free methods that **TipsMake** is about to share below!

Download photos/videos on Xiaohongshu without logo using Download Panda website

Download Panda is one of the famous applications for downloading photos on Xiaohongshu super hot used by many people. It can help you save Xiaohongshu photos without logo on Android, iPhone and PC. Steps to download:

Quick: Video > Share > Copy link > Paste link into *Download Panda* website > Download as instructed.

1. **Step 1** : Access the red letter to search for the video or image you want to download.
2. **Step 2**: Go to the photo and click on the square button with the arrow pointing up to the right. This is the share button, click on it and you will see the '**Share to**' information board.

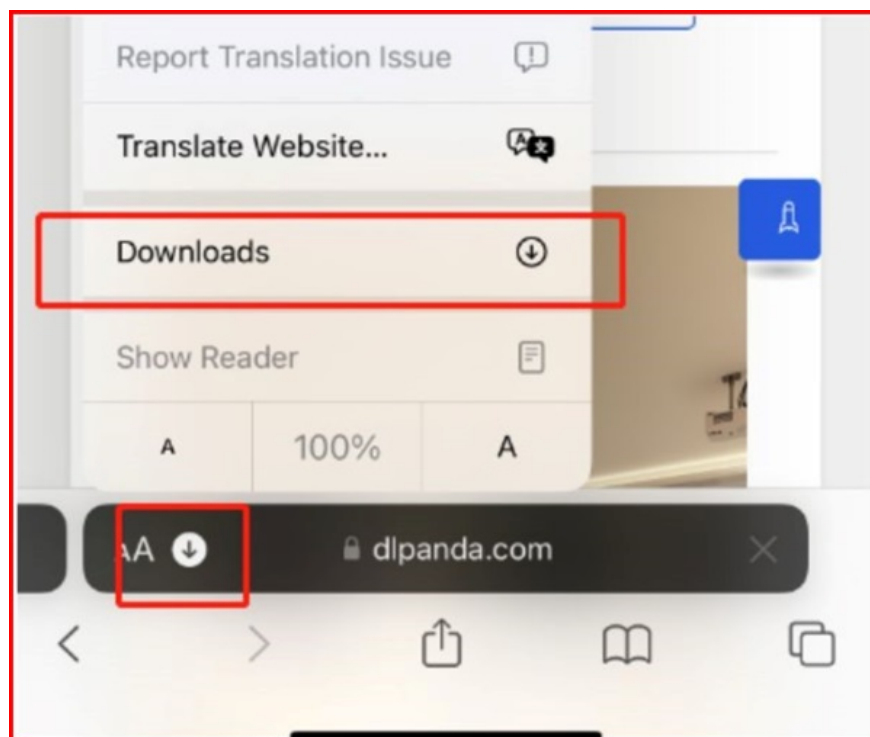

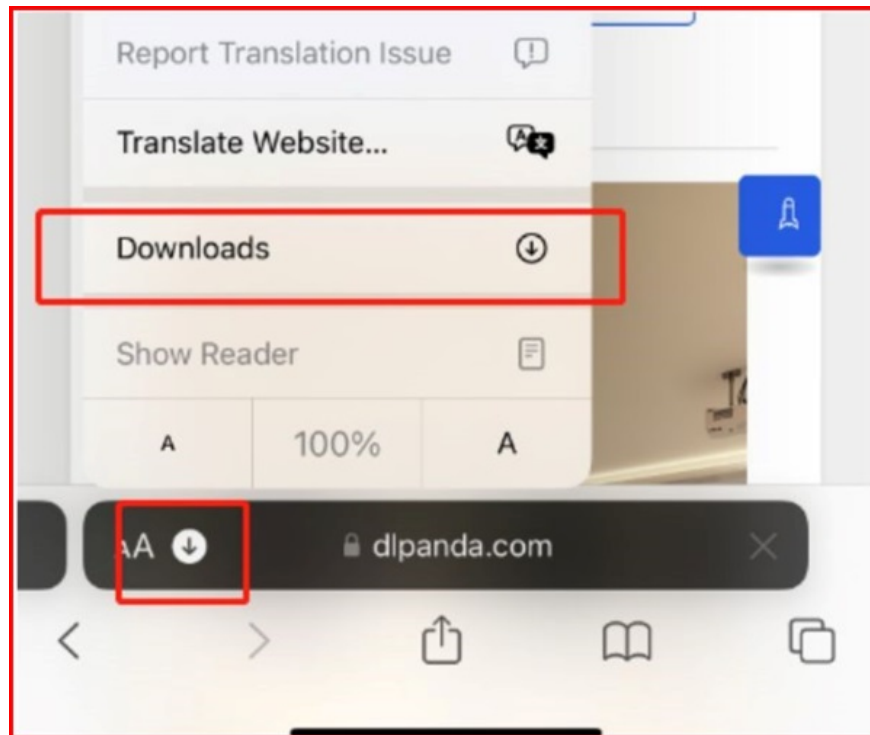

For videos, there will be a share button as an arrow in the lower right corner.

1. **Step 3:** Click on 'Copy link'.
2. **Step 4:** Go to the Download Panda website. You can go to Google to look up keywords, or click here [DOWNLOAD PANDA](#).
3. **Step 5:** Paste the copied link into the blank box and click 'DOWNLOAD'. Click on 'I'm not a robot' to confirm the download.

Wait a minute!

After it loads it will have a download arrow button or download text again. Click on it and the video without watermark from little red letter will be downloaded.

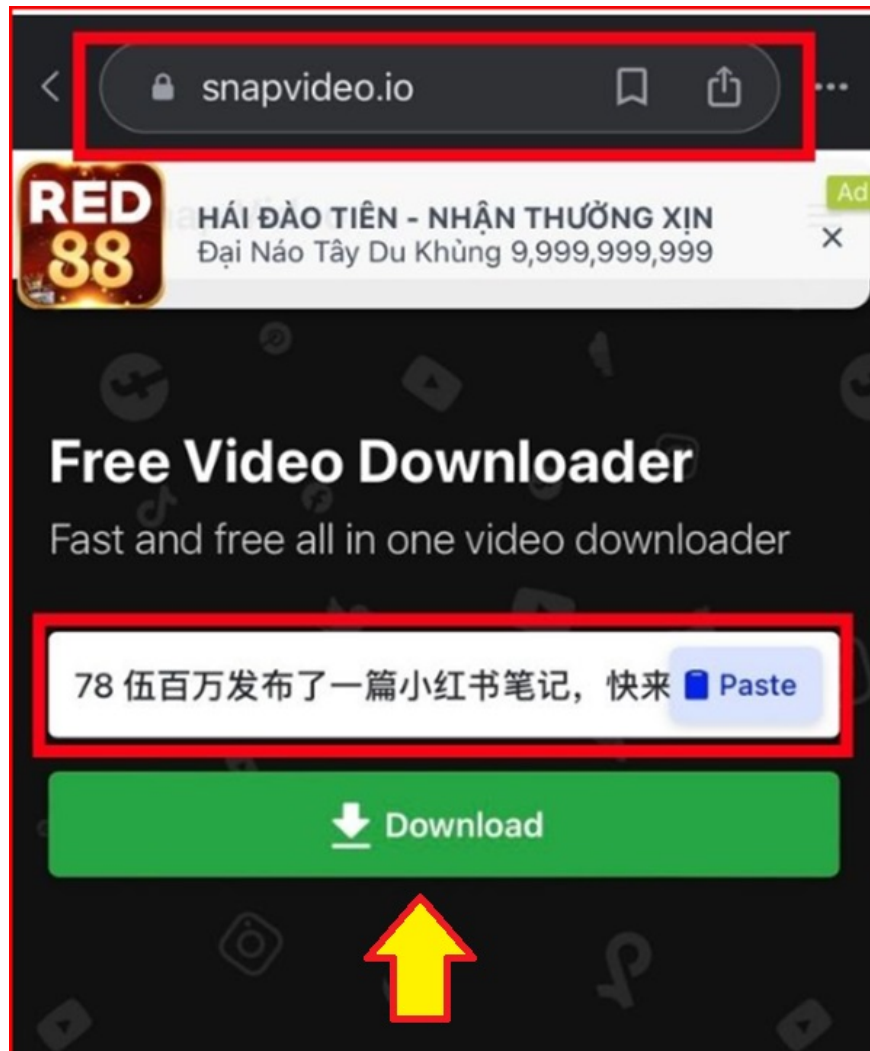

This method is applicable to both Android, iPhone and PC operating systems. The illustrations will be similar so I will not give further instructions. Instead, there is another small tip in case the web crashes. That is, the Web app Download Panda does not work.

Tips for downloading Xiaohongshu videos without watermark

Although the above method of downloading photos/videos on Xiaohongshu without logo is effective, it is still not free from errors. Especially since these web apps are often shut down, the above method is easily ineffective. I am a person who often creates content to copy photos and videos, so I will definitely have a backup method.

In case the above method does not work, please choose an alternative download method.

For example, if you want to download photos on Xiaohongshu without logo, try some websites like:

1. *Snapvideo.io*
2. *Downloader for XiaoHongShu*
3. *Downloader for XHS No Logo*
4. *vtool.pro*

Don't worry, if some websites are broken, you can try another website. Just search Google to see the applications to download videos without logo, there will be a lot. Like mushrooms growing, you can freely download videos on Xiaohongshu without logo on your iPhone or Android.

I often download videos on Xiaohongshu without watermark on Android using **Snapvideo**. Because it is quite powerful or something, it is quite smooth every time I use it. But I don't understand why many people use DL Panda more. This is up to you to choose any option as long as the result is as desired.

Special case when all links are blocked. Try the 1.1.1 application to learn about it right away if you are curious why this is the most effective method to fix broken links for phones today.

Use App to save Xiaohongshu photos without logo

Well, if there is an app, why not introduce it from the beginning? Actually, this method is more applicable to Android system because some apps will be blocked and not work on PC or iPhone. That is why it is less popular than using the web to download photos/videos on Xiaohongshu without logo.

You just need to do the same steps but use the download app instead.

The hottest app to download recently is **XHS No Logo on CH Play**. First, download it to your device and remember to leave the usage space empty. Then you copy the download link and paste it into the option to download without logo. Some apps have more advanced functions such as changing capacity, adjusting video download quality, sharpening, etc., which will cost money. In the free version, the app that TipsMake introduces is quite effective. Try it!
