## ***II. What is creative writing?***

Experience initiatives (SKKN) are knowledge, skills or experiences that officials and teachers have gained from their actual work. It can be said that experience initiatives are the convergence of novelty (factors that have not been discovered by anyone) and experience (summary and accumulation from management, teaching and learning). Writing experience initiatives is to rewrite clearly and systematically the knowledge gained during the work process, which has brought about practical results.

## 1. What is the purpose of writing a proposal?

Purpose of writing scientific research:

- Promote research and creativity in work and study
- Share your experiences with people around you.
- Is a premise to overcome difficulties and dark sides in management and education.
- Promote competitive spirit, creativity, improve work and study efficiency.

## 2. How many pages should a creative writing experience be?

The experience initiative is drafted and saved in a Word file, with a minimum length of 10 pages and a maximum of 30 pages.

**The standard experience initiative structure must include the following main contents:**

- Purpose of the article: What problems or difficulties have been solved? Solutions?
- Content:
  - + Scientific research articles must ensure novelty and uniqueness.
  - + Have data and practical examples to prove the accuracy (Theoretical basis of the problem; What is the current situation in the experience initiative; Measures taken to solve the problem).
  - + Ability to apply in practice: Clarify the effectiveness of applying scientific research into practice.

In fact, if you do not have experience in writing projects or reports, writing an experience initiative can cause difficulties in presenting, implementing content as well as choosing the cover form.
