The game Hundred Days – Winemaking Simulator is currently available for free download on the Epic Games Store until September 15, 2022, for players to download and experience the game.

Instructions on how to download Hundred Days – Winemaking Simulator

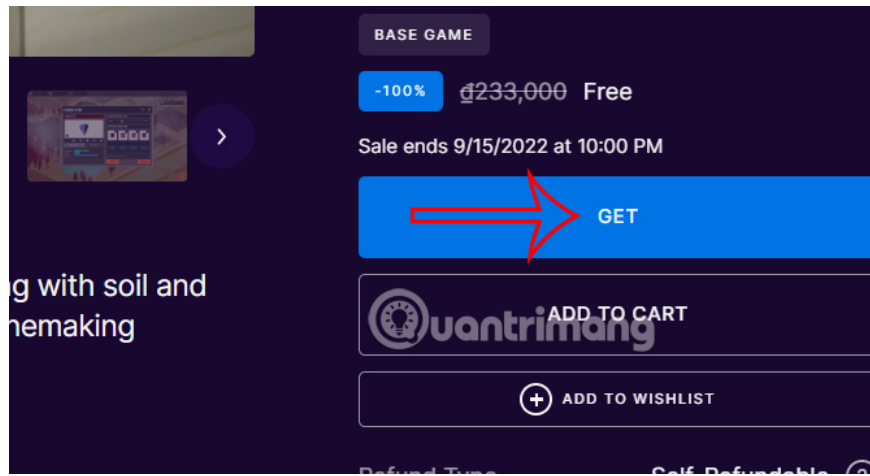

Hundred Days – Winemaking Simulator is a simulation game that simulates the production of fine wines. Players will take on the role of building a winery, starting from the basic steps of traditional winemaking. Later, you will expand the winery, using advanced technologies to increase the winery's production capacity.

Players will choose the appropriate grape varieties to plant, care for, and harvest at the right time to produce the highest quality wines.

Additionally, you will take on all roles in the winery, including management, strategic planning, and calculating growth potential from the money you earn.
