

Download the free Mafia game on Steam.

If you're a fan of shooter games, you shouldn't miss Mafia, which is currently free on Steam until September 6th. Download it quickly before the offer expires.

If you're a fan of shooter games, you shouldn't miss Mafia, which is currently free on Steam until September 6th. Download it quickly before the offer expires.

The game takes you back to America in the 1930s, revolving around Tommy Angelo's encounter with the notorious Salieri gang (Don Ennio Salieri) in the city of Lost Heaven. Tommy Angelo carries out missions to eliminate Salieri's gang. Players will accompany Tommy Angelo through battles, showcasing all their shooting skills and experience to survive.

Supporting the player is a diverse weapon system; not only guns, but you can also use baseball bats to save yourself. Additionally, there are several other weapons such as sawed-off shotguns, shotguns, and the Tommy gun. Mafia gameplay follows a circuitous route, moving by vehicle or on foot to marked locations on the map to complete missions.

To install the free Mafia game, access the link below and proceed with the installation via your Steam account.

1. Download Mafia on Steam

The game has several features, such as:
