Overview of the game

Dragon City has elemental characteristics, dragon levels, as well as an extremely attractive breeding system. Let's find out right below.

1. Elements

The dragon world on the island in the game Dragon City brings together dragons representing **15 elements** : Earth, Fire, Water, Leaf, Electricity, Ice, Metal, Wind, Darkness, Light, Magic, Legend, Pure, Warrior and Ancient.

Each element will have its own characteristics and have compatible or incompatible properties with each other. For example: Earth overcomes Electricity and Darkness, Fire overcomes Leaves and Ice, Water overcomes Fire and Warriors, and Leaves overcomes Water and Light. Understanding these characteristics will help you develop many advantages to win in dragon battles.

2. Levels

Hundreds of dragon species in the world of Dragon City are also ranked by rarity according to the following levels: **Common** , **Rare** , **Very rare** , **Epic** **Legendary** , **Heroic** .

The more advanced the dragons will be when they grow up, the more beautiful they will be, and will also have significant power, helping players accumulate many new skills.

3. Dragon hybrid system

To create rare dragons, players mix 2, 3 or 4 elements out of a total of 15 elements together. The longer the breeding time, the higher the rarity level will be. For example, there are some rare species such as:

1. **Wind dragon** : Hybrid between two rare species, Soccer Dragon and Armadillo Dragon, for a total of 4 days. (2 days of breeding and 2 days of incubation)
1. **Pirate Dragon** : Hybrid between Dark Dragon and Mud Dragon for more than 4 days. (4 days of breeding and 15 hours of incubation)

1. **Pure Unicorn Dragon** : Combined by pairs of legendary dragons, such as the Legendary Dragon and the Crystal Dragon; or Wind Dragon and Mirror Dragon,. This is considered a purebred dragon.
1. **Ice cream Dragon** : Crossed from Water Dragon and Ice Dragon. Besides, in addition to breeding dragons, players can buy dragons with gold and diamonds. In the stores there are also many decorative items for the island for players to freely choose from.

How to play Dragon City game

Dragon City is for children from 4 years old and up, so the gameplay is very simple but not boring. Gamers only need to master a few rules and specific attributes of the game to be able to '**conquer**' every arena.

The way the game operates is similar to other virtual pet games, when players start by incubating dragon eggs on an island floating in the clouds. Then, learn how to care for, nurture and become professional dragon trainers.

The most special feature of Dragon City is that players are allowed to own the entire dragon kingdom with more than 1,200 types, added every week. Besides, once you have raised a large dragon, players can bring their dragons to fight other people's dragons. Or exchange, buy, sell, and breed different breeds of dragons.

During the care process, players need to pay attention to the dragon's living environment as well as each corresponding type of food. In addition, closely monitoring the development speed of each dragon is also extremely necessary. Thanks to that, it is possible to choose which species to prioritize the growth of to get more gold.

Once the dragon has been well trained, players can bring it to the dragon arena and participate in defeating other dragons. In the arena, players will clash with opponents - owners of dragons of low to high rarity. Winning not only helps players climb to the top of the rankings but also earn gems to buy essential items in the store.

In addition, when playing Dragon City, you can expand your land by exploring other elemental islands. Daily attendance will also receive many attractive prizes. It could be precious dragons, gems or valuable gifts.

Evaluate

Besides the attractive gameplay, eye-catching graphics and vivid sound are also indispensable things that have attracted millions of gamers to join Dragon City.

1. Image graphics

As a game for all ages, the founder used beautiful 2D graphics with bright colors and eye-catching lines. Create funny, cute dragons with a variety of genres, appearances, etc. All suitable for the majority's tastes.

The castles and magnificent green island spaces are simulated extremely realistically. In particular, the movements of the characters are smooth and diverse whether they are walking on the ground or flying.
