

Easily track the World Cup calendar by taking advantage of Samsung's edge screen

To help users can easily follow the schedule of teams on their phones, the following article will show you how to take advantage of Samsung's edge screen to store the 2018 World Cup schedule. Please read it.

The biggest World Cup football festival on the planet officially opened on the night of June 14 in Russia. For those who love king sports, it is hard to ignore the fascinating competitions from 32 teams around the world.

To help users can easily follow the schedule of teams on their phones, the following article will show you how to take advantage of Samsung's edge screen to store the 2018 World Cup schedule. Please read it.

Step 1 : To install the schedule on the side screen, you first need to drag the Edge Monitor. (In case your phone is not installed with an edge screen, you can operate as follows: go to Settings -> Screen -> Edge screen -> Table at the side). Then click on the installation icon in the lower left corner.

It is done. After downloading the system, the device will automatically update the schedule regularly to your side screen, you will easily follow today there will be any teams participating in the time frame.

After downloading and so on and use, do not delete if deleting means that you will lose all data. In addition, this application also helps you update details of the situation of the teams such as position on the rankings, .

I wish you all success!
