

# Embed YouTube videos into your Fanpage, watch YouTube on your Facebook Fanpage.

To increase interaction between your Facebook fan page and users, you should share some interesting and useful images and videos, avoiding boring text-only status updates. If you are just starting to learn and manage a Facebook fan page, you can follow the article below for instructions on how to embed YouTube videos into your Facebook fan page.

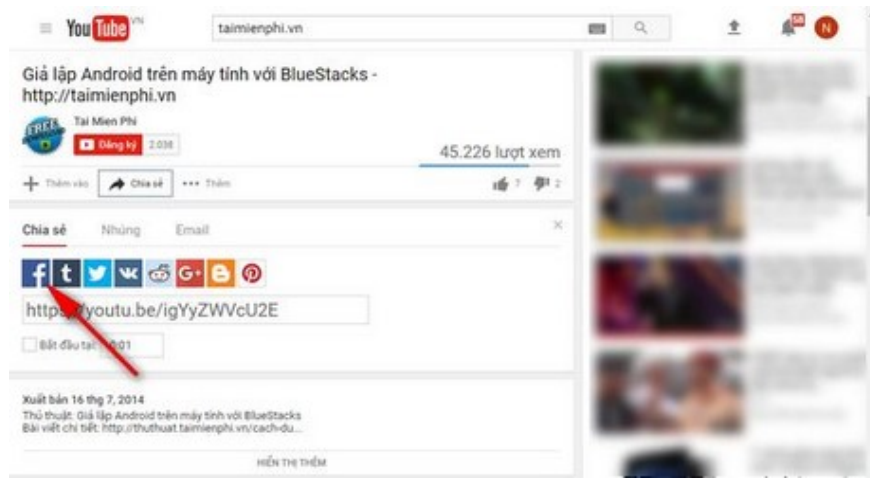

**YouTube** is the most popular video sharing website on the planet. With its vast library of video clips, you can find useful, funny, and other content on YouTube and easily embed YouTube videos into your Facebook fan page. If you don't know what a fan page is or how to create one, you can refer to TipsMake's guide on creating a Facebook fan page .

## INSTRUCTIONS ON HOW TO EMBEDD YOUTUBE VIDEOS TO A FACEBOOK FANPAGE

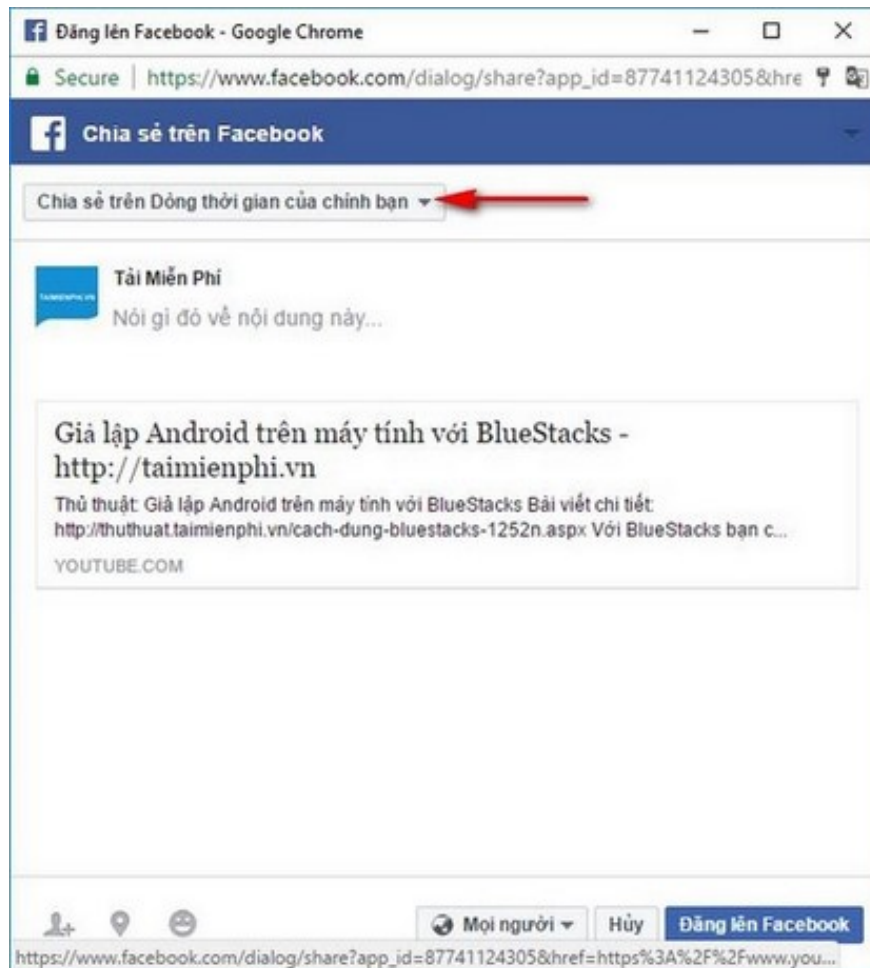

*Step 1:* On YouTube, the world's largest online video sharing website, open the video you want to add to your Facebook fan page. Below the video content, click the **Share** button .

*Step 2:* YouTube will provide you with a link so you can directly embed it into your Facebook fan page. Simply paste that link into your status update, or you can choose from the available sharing tools on social networks like Facebook, Tumblr, Twitter, etc.

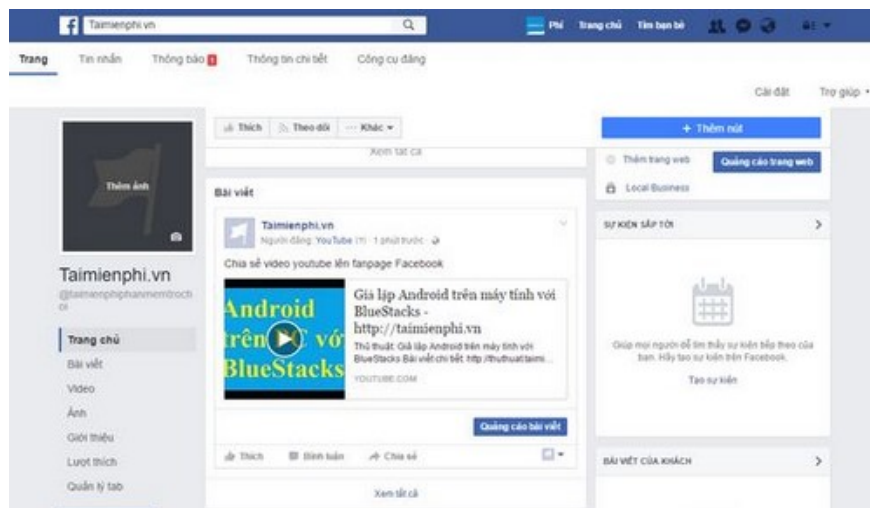

*Step 3:* In the pop-up window that appears when you click on Facebook share, click on "Share to your own timeline" and change it to "Share on a page you manage" .

*Step 4:* Select the page you have management rights to post to and **post as [Name]** . You can add some status updates to the link, then click **Post to Facebook** to complete embedding your YouTube video into Facebook.

Return to the page you used to embed the YouTube video, and you will see a newly updated status update with the link to the YouTube video. This means you have successfully embedded the YouTube video into your Facebook fan page.

Inserting YouTube videos into a Facebook fan page is simple, but it's not easy for those new to Facebook. To avoid making your Facebook fan page boring, you can also create check-ins on your Facebook fan page from both phones and computers. This method helps you promote your page more easily by showing your location at a popular spot or updating your fan page's location on Facebook.

YouTube and Facebook are the two largest video-sharing social networks today. While YouTube sees millions of video uploads daily, Facebook is equally popular. You can download YouTube videos to your computer or phone to watch in your free time. There are many ways to download YouTube and Facebook videos to your device.

If you own a Facebook fan page and want to stream videos on it, you can refer to our previous article on how to stream videos on a Facebook fan page .

Facebook currently limits the number of name changes a user can make. If you've changed your name more than 5 times, and less than 60 days have passed since your last name change and you want to change it immediately, please refer to TipsMake's guide on how to change your Facebook name within 60 days .
