

Enter the back-to-school season like the boss with the Android apps below

Next fall is also the back-to-school season, students must have fully prepared learning tools, but do not forget to accompany you as a mobile phone.

The phone has become an indispensable friend of anyone, especially young people. Besides entertainment functions, smartphones also bring many useful tools to increase productivity and learning. Prepare to enter the new school year, students do not forget the very useful applications below.

Take notes with Google Keep

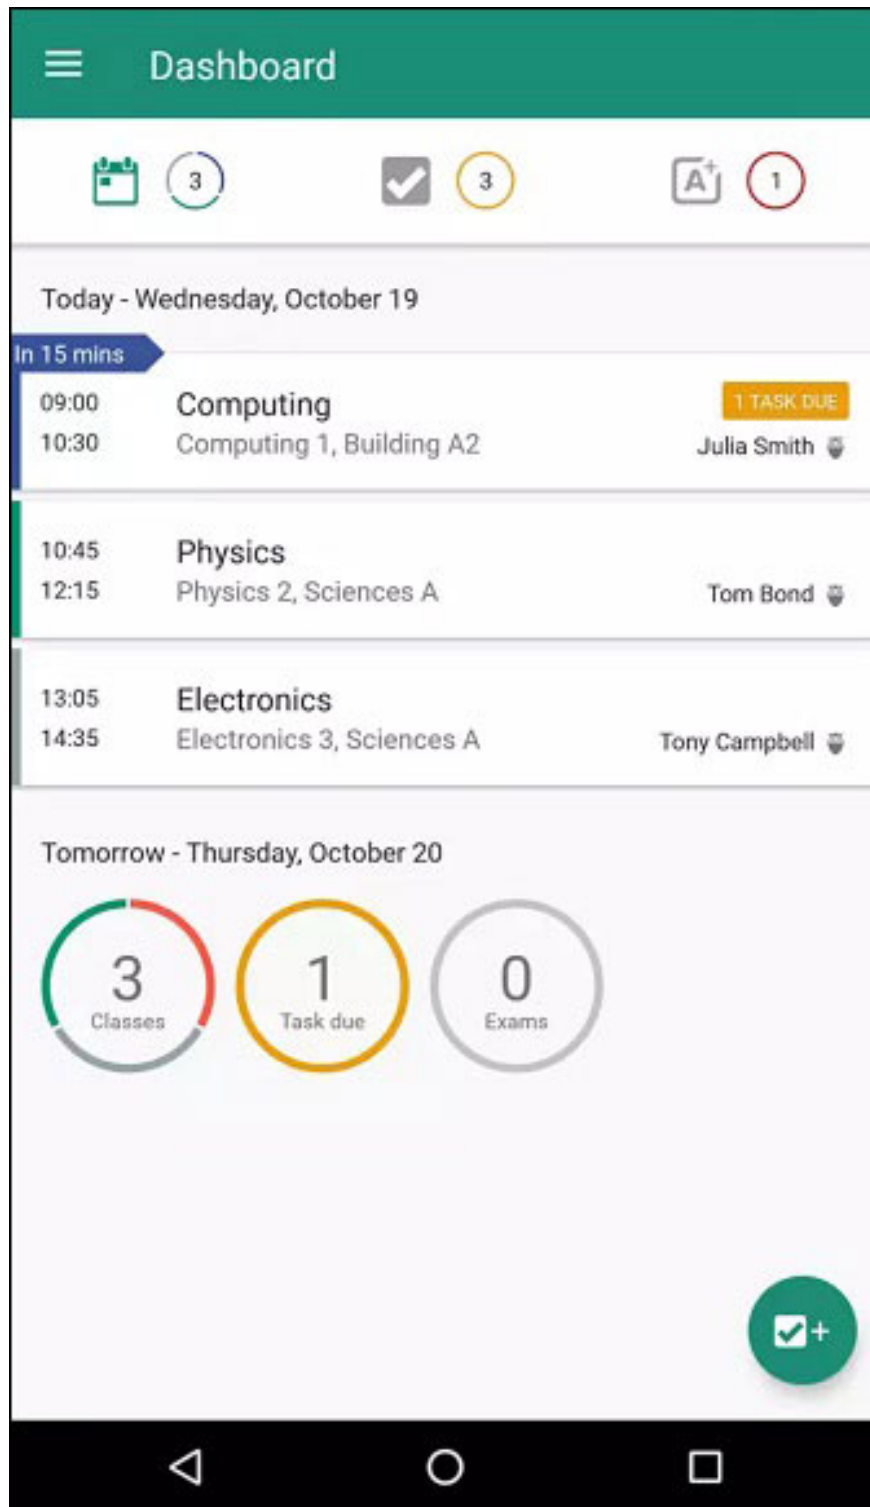

You can use Evernote, Milanote but don't underestimate Google Keep. If everyone installs a note-writing application, you have created a study group. Members can create, edit notes together in real time and save important content. [Download Google Keep here.](https://play.google.com/store/apps/details?id=com.google.android.keep)
