Why is N-Innocence code not working?

There are some N-Innocence codes that cannot be changed due to the expiration date, or you enter the wrong character. Code N-Innocence often has both alphanumeric characters, so you need to enter each character exactly.

Code N-Innocence is released by the publisher during events or when the game reaches a specific milestone such as a large number of players, a new server. Usually the codes released during the events will have a lifetime shorter than novice code.

How is N-Innocence game?

N-Innocence is a combat action RPG mobile game that uses a mythical plot interwoven with cutting-edge art. Players can experience the unique combat action of a deep combat RPG with simple taps and swipes. Not only that, you can also swap up to 4 characters, including supports, at any time to connect combos and overwhelm your enemies.

Each character has a unique special move that combines flashy production. Along with that are many variations depending on the character, such as attack, defense, recovery and support.

N-Innocence is where you witness the union of gods like Siegfried in Norse mythology and Prometheus in Greek mythology. Along with that comes the ability to completely recreate the art of the "mythical world by original interpretation" with the latest 3DCG.
