

Entertainment with 7 super 'cool' games on smartphones

Did you start feeling bored with the very familiar games that you used to play on mobile devices? Change the wind with 7 extremely cool games below.

Did you start feeling bored with the very familiar games that you used to play on mobile devices? Let's change the wind with 7 extremely "cool" games below.

1. Booger Boing (Android | iOS)

In Booger Boing, you will play the role of a nasal leak inside a person's nose. Your mission is to shoot the nose to overcome obstacles to reach the finish line. Remember, there will be no tissue, sneeze or nasal spray to help you. Only the ingenuity of the finger can help you in this situation.

Use your finger to adjust the force and direction. Try to stick to the green areas on the wall and pay attention to avoid weird creatures. Collect the coins as much as possible to shop for your nose ooze the clothes.

2. Sausage Bomber (Android | iOS)

Your mission is to protect the territory from invaders by using an aircraft that contains all kinds of sausages around the world that are extremely hot, delicious but extremely dangerous if you drop the enemy. With over 128 different missions, you will collect money after completing each mission. Use those precious

coins in exchange for more powerful weapons like sausages, meatballs or hoard yourself with sausage bombs with tremendous damage. The best strategy you should apply is to calculate how much less sausage is used and still kill the most enemies.

3. I Am Bread (Android | iOS)

Sometimes the simplest life can bring about the most interesting experiences. As the name suggests, I Am Bread is a game that you are not anyone or anything else, but simply a piece of bread that is extremely normal like

many other breads. But you are a special piece of bread when you do not want to become a piece of peanut butter bread, but your dream is to become a piece of toast, so you have decided to do it my great dream. Your task is to roll, roll, crawl, crawl or do everything you can to move to the toaster. But remember, the ground is your enemy, if you accidentally fall down, quickly save yourself by moving quickly to another area, otherwise your dream of becoming a toast will melt. into smoke.

4. Robot Unicorn Attack 2 (Android | iOS)

Rainbow and unicorn unicorn are good symbols that bring happiness. But in Robot Unicorn Attack 2, they bring weirdness. You will have to control a powerful, powerful and extremely unicorn unicorn robot, your task is to control the unicorn that runs as many points as possible.

You will have to collect tears, fairies and overcome stars in vast galaxies. Try not to be distracted by strange things happening around.

5. Goat Simulator (Android | iOS)

Summon a charismatic goat and get ready for the world of Goat Simulator. You will receive additional points when destroying targets around, regardless of whether it is a car, a wooden crate or even a trash can, destroy everything. You can also steal money, jump on trampoline .

Goat Simulator has been released for a long time but it is still very popular and still updated regularly. Although you will feel the logic of the game is extremely absurd, but there is no greater joy than making a goat go all over the world.

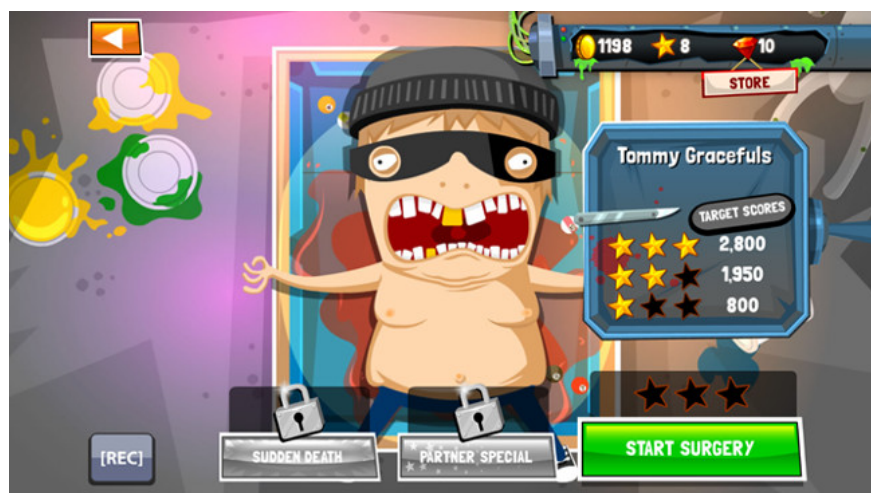

6. Amateur Surgeon 4 (Android | iOS)

Pick up your pizza cutter and get ready for surgeries in Amateur Surgeon 4. The Bleed doctor has been revived in part 4 of this funny series. You will be able to perform body surgery on more than 100 different patients, from fitting the brain, heart, and lungs to all other parts of the body.

During surgery, pay attention to the patient's blood bar. You will need to give them some painkillers because their lives are in your hands. You can also hire assistants with certain skills to help.

Although the surgery sounds a bit gory and horror but with humorous character shaping, this is still a super cool game worth playing.

7. Office Jerk (Android | iOS)

If you work in a workplace environment, it is probably too familiar with having to deal with some nasty colleagues in the company and sometimes you just want to throw something in his face. Office Jerk has exploited this point and allows you to do things that you wish you could do in real life.

With a somewhat classic gameplay but still not outdated, you will have to throw things such as junk paper, staples, pieces of cake or even honeycomb towards his annoying fellow working hard . Your goal is to hit his head as much as possible. You can also unlock additional items if you break your computer screen or make him sneeze.

Try to aim for accuracy, otherwise he will be provocative and tantalizing you. Each item has a throwing method to open different targets. What are you waiting for, let him see who is the boss.

Conclude
