

Epic gives away Total War Saga: Troy for free on the day of its release

Total War Saga: Troy is the latest game of the legendary strategy game Total War with the context of the great Troy battle, one of the most famous battles in ancient Greek myth history.

Total War Saga: Troy is the latest game of the legendary strategy game Total War with the context of the great Troy battle, one of the most famous battles in ancient Greek myth history. In the game, players will experience epic combat battles, RTS gameplay combined with attractive turn-bases and meet soldiers units that often appear only in myths like giants. Giants, Centaurs, Cyclops .

Players will play the immortal warrior Achilles, one of the eight famous heroes in battle in this battle from the attacking side, and if joining the Troy protection faction you will have the opportunity to meet two princes. Hector and Paris.

Total War Saga: Troy promises to be a desirable game for any gamer who is passionate about strategy games.

Recently, on the homepage of the series of games has announced a shocking news for the world gaming community that is Total War Saga: Troy is not only exclusively on Epic Games Store for one year but especially will be free for anyone who downloads the game in the first 24 hours. Free an unreleased game is really too terrible.
