Detailed evaluation of Epson L310 color inkjet printer good?

Evaluation of product design

The Epson L310 is a color inkjet printer with an extremely compact design with a light weight of only 2.8 kg, so it can be easily moved and used in both home and office spaces. small area. The base of the machine is firmly designed, limiting vibration when printing, ensuring smooth operation and enhancing the quality for more efficient printing.

Like many other Epson printers, the L310 also comes in a predominant black tone so it blends easily into any interior space as well as brings a modern, sophisticated touch to the area. The system of paper trays and cartridges is reasonably arranged, easy to collapse after use or refill, ensuring your workplace is always neat and spacious.

In particular, the machine uses an external ink tank system (with a dust-proof protective cover) so you can easily monitor the amount of ink and have no difficulty adding ink to the machine.

The Epson L310 color inkjet printer has a convenient external cartridge design.

Evaluation of printing ability

As a product of Epson's Japanese brand that is very famous in the field of manufacturing color inkjet printers, the printing ability of the L310 printer has received many positive reviews from users.

1. **Technology** : The machine applies piezoelectric printing technology (Piezoelectric) with Micro Piezo nozzle, VSDT technology does not use heat to push ink and control the amount of ejected ink, so it is compatible with many types of ink. , both enhance durability and printhead durability, and produce high quality prints in a short time. These technologies also contribute to the core value and superiority of Epson color inkjet printers compared to many other brands.
2. **About printing speed** : The machine can print on plain paper with the draft speed of 15 pages per minute A4 and high quality print speed is 4.5 inches per minute. When printing on 10 x 15 cm photo paper, the draft print speed reaches 27 seconds / photo and the high quality print speed is 69 seconds / photo.
3. **Regarding print quality** : The machine uses 4-color ink system CMYK (including Cyan, Magenta, Yellow and Black colors), has a high resolution of 5,760 x 1,440 dpi, the minimum ink droplet size is 3 pl, the tubes The ink has the maximum width for continuous and continuous flow of ink, which enhances the authenticity and contrast for effective prints, resulting in crisp, smooth and vivid prints.
4. **Print performance** : The input tray of the machine holds up to 100 sheets of regular A4 paper and 20 sheets of photo paper, high-capacity ink bottles and high-capacity ink cartridges with black ink that can print up to 4,500 pages, ink colors The rest prints up to 7,500 pages, requiring no additional paper and frequent ink refills. Simple way to use the machine and refill ink cartridges, saving time working with the printer effectively.
5. **Regarding operating costs** : Due to the use of large ink tanks, the ability to print more copies and consume less power (operating capacity is only 10W), the Epson L310 printer ensures the cost per print at the cheapest.
6. **Function** : The machine can only print on plain paper, photo paper.
7. **About the compatibility** : The machine can be used on many versions of Windows and Mac OS, can be used with different paper sizes, paper types and many different inks.

The Epson L310 color inkjet printer delivers crisp, vivid colors.

Conclusion: Advantages and disadvantages and when to use Epson L310 color inkjet printer?

Advantages of Epson L310 color inkjet printer : Good print quality, true color, sharp, nice smooth, detail; printable, low cost printing; The machine works stably, easy to refill; Small, compact, lightweight design, saving usable space and easy to move when needed.

Disadvantages of color inkjet printer Epson L310 : Print speed is not too superior, only the function to print on plain paper, photo paper, does not support Wifi connection, does not support automatic 2-sided printing.

The Epson L310 color inkjet printer is suitable for printing documents, reports, color images and other types of photos, so it is suitable for printing at home or small and medium offices, without requiring printing speed. too fast.

The Epson L310 color inkjet printer is suitable for home, small and medium office use.
