## Review Unold 86890 tower fan

Is Unold 86890 tower fan good? In fact, most users appreciate this product with advantages such as:

**Luxury and modern design** : Unold 86890 possesses a compact, elegant but luxurious design, contributing to beautify your space. Long cylindrical fan shape, the base part slightly spreads to help fans stand on the floor. Fans can be placed in many different locations and do not require too much space, very suitable for small spaces such as apartments, bedrooms, .

**Smooth operation:** Unold 86890 tower fan almost does not emit noise during operation, does not affect sleep or rest time of your family.

**Capable of automatic air purification** : Not only cooling, Unold 86890 also has the ability to purify air, remove dust and dirt by smart filter. You and your loved ones will always enjoy a fresh, pleasant atmosphere. This is one of the factors that helps the Unold 86890 tower fan to be rated higher than the conventional tower fan series.

**Integrated with many features** : Unold 86890 is integrated with many features, giving users the best experience such as timer, sleep mode, operating mode, rotation mode, 3 wind speeds ( low, medium, high), .

In terms of quality, it can be seen that Unold 86890 is not inferior to any product in the market. So what about the price? Currently, Unold 86890 tower fan is sold for 3,990,000 VND. Compared to the common ground, this price is quite high. However, this is understandable with a premium product like Unold 86890.

Unold 86890 tower fan is highly appreciated for quality
