

Expand English vocabulary with Vocabify utility on Chrome

In today's developed world, foreign language capital is becoming increasingly important. If you want to expand your English vocabulary even when you're using a computer, don't miss a gadget on Chrome called Vocabify.

In today's developed world, foreign language capital is becoming increasingly important. If you want to expand your English vocabulary even when you're using a computer, don't miss a gadget on Chrome called Vocabify.

Vocabify is a simple web tool and extension on Chrome browser. You can use Vocabify as a website (<https://vocabifyapp.com/>), but if you use it as a Chrome widget, it will be easier to collect new words when you are browsing. .

1. First, you need to install the Vocabify utility from the Chrome online store.
2. Add new words to the site or bookmark the word and use the Chrome utility to collect new words.
3. Vocabify will send you emails to review new words periodically to recall the knowledge you have learned.

You just need to add new words to the gadget. Vocabify will do the rest by adding definitions and pronunciation for those new words.

Vocabify will borrow design elements from the same structure as Google Keep card. It will help you easily see if the vocabulary bank has been added to the gadget.

1. Learn how to pronounce English with fun games on Chrome

Vocabify's interface is quite simple. The utility includes two main tasks: collecting vocabulary and helping users review those vocabulary. With this utility, you can learn at least 365 words per year.

If you want to improve your vocabulary, then experience this application now!
