To **apply filters just swipe the screen** left or right. Next, **select the theme and effect** for the Moment by clicking on the 2 icons on the left, right and bottom of the screen.

After you have made the necessary tweaks, you can choose to add locations, stickers, letters to your photos and videos.

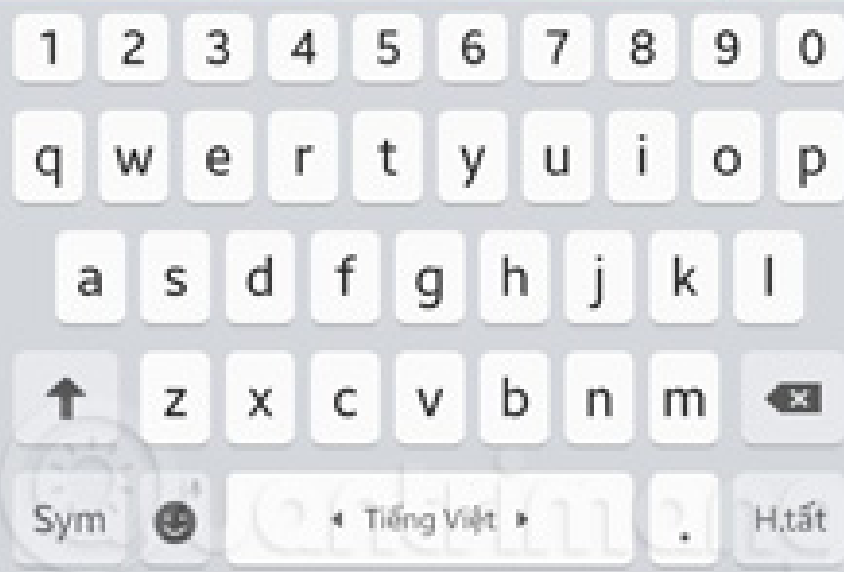

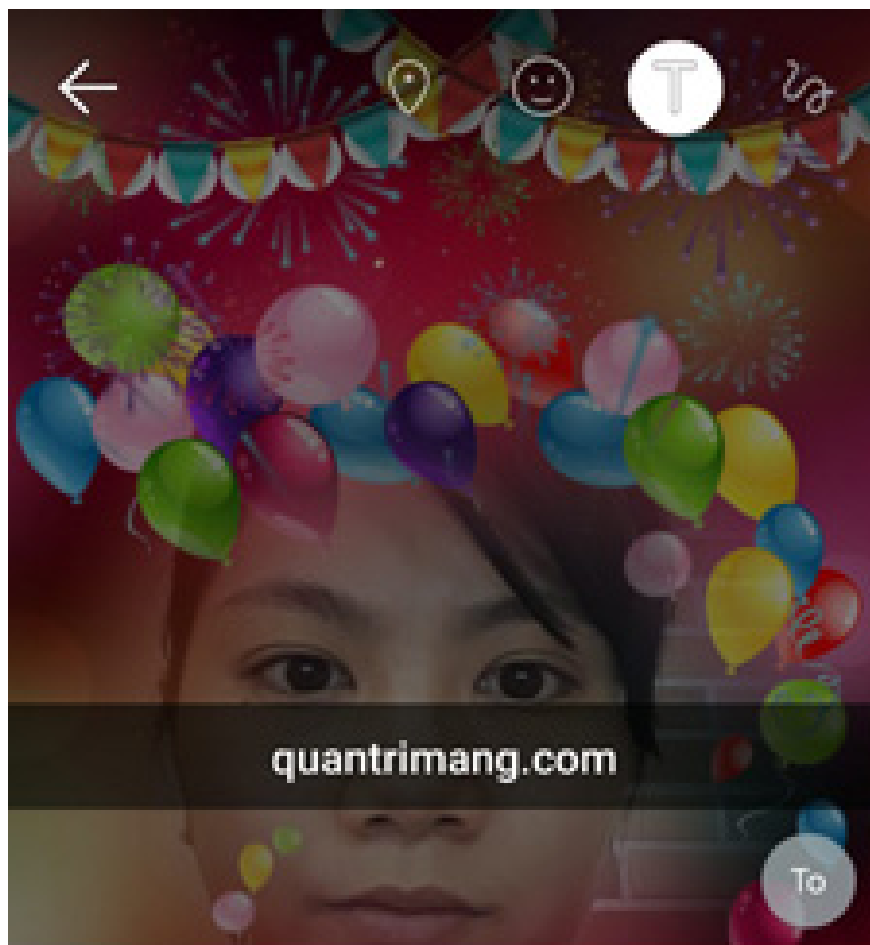

Check-in địa điểm

Quantrimang

To add these elements, just click on the corresponding icon that appears on the screen and then select the desired one.

Quick and easy, it takes less than 1 minute that you can create a special Moment to store and share with your friends.

Zalo feature of Zalo

Clicking on Zalo you will see unique images, accompanied by text to describe the mood. Can use images that Zalo provides or use your own images to perform. A special feature of these images is that after posting for a while (usually 1 day), they will disappear.

Through the testing process, this feature does not appear to be popular on Android or is faulty, so users only see available images of Zalo but cannot edit or share them. When testing on iOS, you will see the following interface:

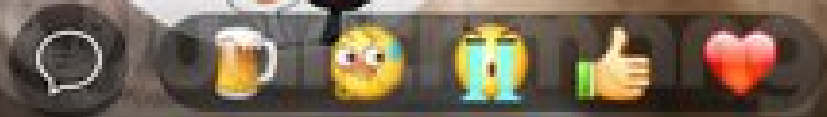

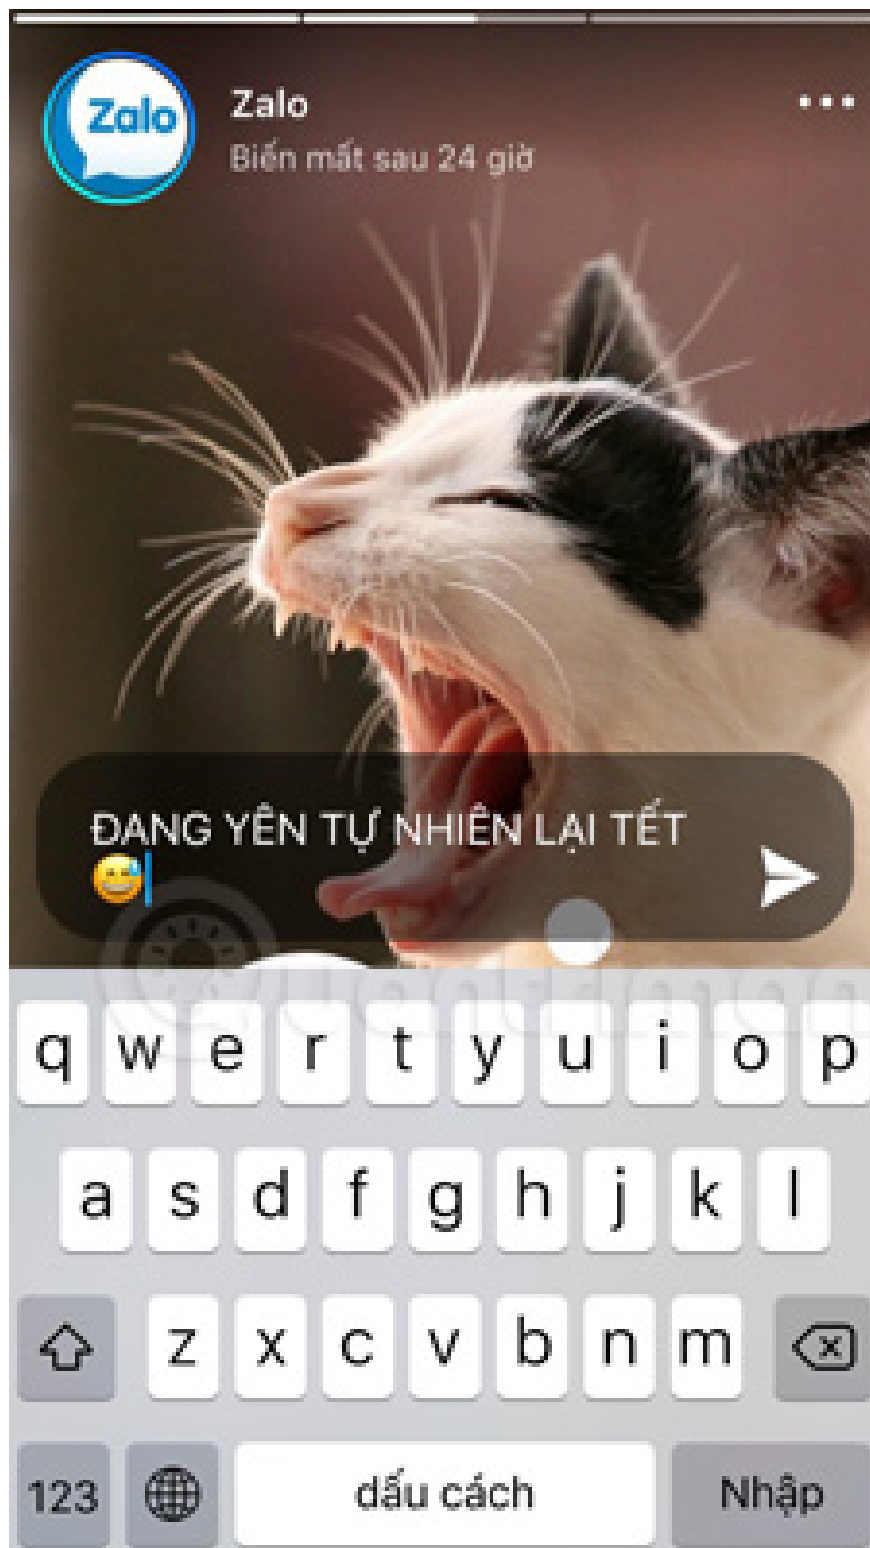

Zalo

Biến mất sau 24 giờ

**Ngày đầu
Xuân đi làm
mà sao
nhiều việc
thế này???**

The main purpose of Zalo is probably to allow users to quickly share the mood in special occasions, or share pictures with funny lines. You can also add funny stickers to enhance your photos.

It can be said that, with new features being released continuously, Zalo is increasingly proving its position as the leading chat application in Vietnam when capturing user needs, creating and anticipating trends. new.
