A series of timelapse photos taken of this unique London scene are coordinated by Lenstore, Henry Stuart, Nikon and Canary Wharf.

The set consists of 24 images representing 24 hours in the capital city of England, each with a resolution of up to 7.3 Gigapixel (7300MP). And these 24 images are made up of 6240 small photos taken from Nikon D850 using Nikon 300mm f / 2.8 lens, so you can read the words on the sign 8km away.

What are you waiting for, let's zoom in and explore London:
