

# Falling in love with our passionate love causes a sudden 'fever'

Falling Into Our Crazy Love is a Chinese romance drama that has just been released but has surprisingly achieved much better results than expected.

**Falling Into Our Love** is a Chinese romance drama that has just been released but has surprisingly achieved much better results than expected. So is **Falling Into Our Love** right for you?

## Trailer Falling Into Our Passionate Love

### Main content of the movie Falling in love with us

The story begins in the rainy southern city of Qingyi, where Xu Chi, meets Chen Luzhou. Due to a misunderstanding, the story of the tough "Chairman Chi" and the "poet Chen" begins. As they tease and quarrel, the ambiguous atmosphere between the two becomes more tense, leading to a "tense tug of war". Unfortunately, the relationship between them has hit the "pause" button. Xu Chi goes to Beijing to study architecture, and the two break up.

However, a twist of fate changed everything when Chen Luzhou gave up studying abroad and returned to China, enrolling in the same university as Xu Zhi. After a long separation, Chen Luzhou faced his feelings and bravely

and persistently pursued his "ex-girlfriend" Xu Zhi. From then on, they healed each other's wounds and protected each other, falling into an endless, passionate love.

That summer, the two parted, then the wheel of fate brought them back together to heal the wounds in their souls.

**After only a few episodes aired, Falling into Our Crazy Love has achieved commercial success beyond expectations.** According to audience reviews, it's all thanks to the extremely healing content of the film and the sweet and gentle "chemistry" of the two main characters.

The "chemistry" of the main couple Liu Haocun - Vuong An Vu is highly appreciated. Vuong Anh Vu's beauty is likened to white moonlight, a youthful muse that many people pursue.

In general, if you like light romantic movies to relax after a stressful working day, like watching beautiful boys and girls with emotional Chinese music, then Falling into Our Crazy Love is the perfect entertainment choice for you.
