

FastGo will open a helicopter sharing service in Vietnam from the beginning of next month

FastGo technology firm plans to shake hands with the same unit (the name of this unit has not been disclosed) to launch a joint helicopter service from early next month.

FastGo technology firm plans to shake hands with the same unit (the name of this unit has not been disclosed) to launch a joint helicopter service from early next month.

The company's helicopter service includes fixed routes to serve travel needs such as tours of Red River in Hanoi, Ha Long Bay (Quang Ninh) . According to FastGo, a joint helicopter flight The Red River view has the lowest expected price of about 3 million VND per person.

In addition, this new travel service in Vietnam also provides flights according to customers' needs such as emergency, wedding photography .

The representative of the company said, FastGo does not have to apply for a license for this new service because the partner unit has already been granted and currently has 10-12 helicopters to provide this new service. FastGo will support technology and is a platform to connect customers to partner units. A joint helicopter flight has a maximum of 12 passengers.

Starting from April 25 to 30, customers were able to start booking helicopter flights via the FastGo app.

In the world, sharing helicopters is now a popular service.
