

# FC 26 squad suggestions at reasonable prices for players

Top cheap EA FC 26 squad from 10k to 50k coins, build meta to climb rank extremely effectively.

In the early weeks of the EA FC 26 cycle, the most important thing is to build a cheap starting lineup that is still competitive on the pitch. Despite the low price, many cards still possess a set of 'meta' stats that help you climb the ranks effectively. However, hunting for these names requires constant monitoring of the transfer market - a tiring job for many managers.

So, here are the best starting lineups in FC 26, divided into three different budget levels for you to choose from. See also the 25 best goalkeepers in Career Mode EA FC 26

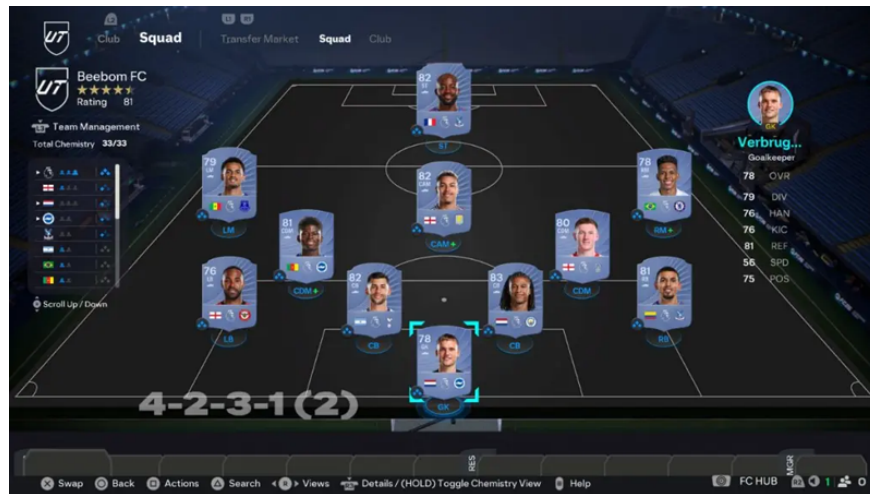

## 10,000 Coins Squad

Player	Location	Club	Price (Coins)
Bart Verbruggen	GK	Brighton	800
Rico Henry	LB	Brentford	850
Cristian Romero	CB	Tottenham Hotspur	700

Player	Location	Club	Price (Coins)
Nathan Aké	CB	Man City	2,700
Daniel Muñoz	RB	Crystal Palace	650
Elliot Anderson	CDM	Nottingham Forest	750

Morgan Rogers	ORANGE	Aston Villa	750
Illiman Ndiaye	LM	Everton	650
Estevão	RM	Chelsea	1,000
Jean-Philippe Mateta	ST	Crystal Palace	750

With a budget of 10k, the Premier League is always a golden land to exploit. C.Romero of "Tot Ga" and Nathan Aké of MC form a solid central defender duo, the two wings are covered by Rico Henry and Muñoz. Anderson - Baleba control the midfield, in which Baleba has a pretty good ability to shoot from afar.

The wings are boosted by Ndiaye and Estevão, while striker Mateta brings aerial prowess. Combined with the meta 4-3-2-1 formation, this formation is more than enough to help you rank up in Rivals.

Một cái tên bạn có thể nghĩ đến đây chính là **N'Golo Kanté** – vị tiền vệ 'OP' trong Ultimate Team, nhưng giá còn rẻ hơn nên tôi khuyên cho bạn là nên mua ngay giai đoạn này.
